

CME Confirmation

Record of attendance of the scientific programme at
European Congress of Radiology (ECR) 2021 Online
(Vienna, March 3-7, 2021)

This certificate confirms that

Dr.med. Oleg B. Zhukov

has attended ECR 2021, Vienna (ONLINE), March 3-7, 2021 and participated in the listed events. This report is generated from accreditation data collected from digital participant evaluation forms and from live stream and on-demand attendance tracking and lists the attended and evaluated sessions up to the maximum amount of 8 CME credits per day. The list may not reflect the total hours of attendance of the scientific programme if the participant failed to correctly complete his/her online evaluation form. Confirmation of any additional attendance of the scientific programme, for which the participant has not completed an evaluation until March 8, cannot be claimed at a later date. Although participants may partially attend multiple concurrent sessions, the total number of hours printed at the end of the list limits the credit to the equivalent of a single session during that time slot. On-demand views of CME accredited sessions during the congress period (March 3-7) are added to the CME Confirmation to the daily quota of the respective day the participant watched the session on-demand if the maximum number of CME credits for that specific day has not been reached yet with live watch time. This record of attendance is available only to the designated individual and will not be supplied to accrediting agencies and other organisations/health authorities. It can be downloaded and printed out via ESR Connect account at connect.myesr.org

EUROPE

For Europe, the ECR 2021, Vienna (ONLINE), Austria, 03/03/2021-07/03/2021 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) of the European Union of Medical Specialists (UEMS) for a maximum of 40 European CME credits (ECMEC®s). Detailed information about total hours/credits earned based on attended sessions is stated on this CME Confirmation.

Please note that the number of CME credits may differ from the maximum number of credits your national jurisdiction approves for your continuous medical education.

The Österreichische Ärztekammer (Austrian Medical Chamber) has granted a maximum of 50 DFP (Diplom-Fortbildungs-Programm der Österreichischen Akademie der Ärzte) credits for ECR 2021 (March 3-7).

USA AND CANADA

Through an agreement between the UEMS and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1), as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

WORLDWIDE

CME points claimed at the ECR are accepted by the majority of national CME authorities worldwide which have mandatory CME for their physicians. Please consult your national jurisdiction for the maximum number of CME points they will approve following your attendance at ECR 2021.

CME Confirmation

Record of attendance of the scientific programme at European Congress of Radiology (ECR) 2021 Online (Vienna, March 3-7, 2021)

Dr.med. Oleg B. Zhukov

Session	Title	CME credits
SF 26	Recent developments in diagnosing congenital and acquired vascular and lymphatic disorders in children: when, how, and why?	1
E ³ 1226	Artificial intelligence (AI) applications in the growing body	1
RPS 207	Up-to-date reporting and data systems (RADS) in the pelvis	1
RC 416	Cancer becoming a chronic disease: role of imaging and radiomics	1
Total credits earned:		4

According to the UEMS-EACCME accreditation, a maximum number of 8 European CME credits can be awarded for each day for March 3-7, 2021. The maximum for the entire congress is 40 European CME credits. Please note that no CME points can be granted for industry symposia, the opening and closing ceremonies, the Channel No. 1 programme, and sessions with a duration of less than one hour.
