

XIX WORLD CONGRESS OF THE INTERNATIONAL UNION OF PHLEBOLOGY

12th - 16th September, 2022

**Lütfi Kırdar Convention and Exhibition Center - ICEC
Istanbul, Turkey**

www.uip2022.org

PROGRAM BOOK

PROGRAM OVERVIEW

12 September 2022, Monday

	MARMARA HALL	DOLMABAHÇE HALL A	DOLMABAHÇE HALL B & C
7:00			
30			
8:00			
30			
9:00			
30			
10:00		UIP Advanced Ultrasonography Course	UIP Advanced Techno Course & Edited Live Cases
30			
11:00		UIP Advanced Ultrasonography Course	UIP Advanced Techno Course & Edited Live Cases
30			
12:00			
30			
13:00			
30			
14:00			
30			
15:00			
30			
16:00			
30			
17:00			
30			
18:00			
30			
19:00			
20:00			
22:00			
23:00			

PROGRAM OVERVIEW

13 September 2022, Tuesday

	EPHEBUS HALL	TROY HALL	CAPPADOCCIA HALL
7:00			
30			
8:00			
30			
9:00			
30			
10:00	Coffee Break		
30			
11:00	UIP Session 2 Endothermal ablation strategies and techniques	UIP Session 3 Deep vein treatment strategies and techniques	North & South Africa meet at UIP (Sponsored by Servier)
30	Coffee Break		
12:00	Satellite Symposium	Satellite Symposium	Satellite Symposium
30			
13:00	Lunch with the experts on deep vein pathologies (Q&A)	Lunch	
30			
14:00	Medi Symposium	UIP Session 4 Acute superficial and deep vein thrombosis	Egyptian Venous Forum Session
30			
15:00	UIP Session 5 WAW session : Women Around World of Phlebology	UIP Session 6 Complications and failures in phlebology	UIP in other languages- Russian 1
30			
16:00	Coffee Break		
30			
17:00			
30			
18:00	OPENING & AWARD CEREMONY		
30			
19:00	ICEC Terrace - Cocktail Prolonge		
20:00			
22:00	ANATOLIA AUDITORIUM - Concert - Contemporary OPERATION		
23:00			

PERGAMON HALL	HALICARNASSUS HALL	SAGALASSOS HALL	ASPENDOS HALL
Coffee Break			
UIP in other languages- Spanish 1 Ulcer Treatment	Medi Workshop	Abstract Session 1	Abstract Session 2
Coffee Break			
Lunch			
Brazilian Association Phlebology and Lymphology Session		Abstract Session 3	Abstract Session 4
Vein and Lymphatic University – UIP: What would I do?		Abstract Session 5	Abstract Session 6
Coffee Break			
OPENING & AWARD CEREMONY			
ICEC Terrace - Cocktail Prolonge			
ANATOLIA AUDITORIUM - Concert - Contemporary OPERa tion			

PROGRAM OVERVIEW

14 September 2022, Wednesday

	EPHESUS HALL	TROY HALL	CAPPADOCCIA HALL
7:00			
30			
8:00	UIP Engagement Working Group Session Developing Phlebo-Lymphology: from under to top served scenarios.		
30			
9:00	UIP Plenary Session What's new in phlebology		
30			
10:00	Coffee Break		
30			
11:00	Medtronic Symposium	UIP Session 8 What is new on Sclerotherapy	UIP in other languages- Russian 2
30			
12:00	Coffee Break		
30			
12:00	Satellite Symposium	Satellite Symposium	UIP in other languages- Bulgarian
30			
13:00	Lunch with the experts (Q&A)	Lunch	
30			
14:00	UIP Session 9 Interventional treatment options for deep venous pathologies	UIP Session 10 Non Thermal Non Tumescant Ablation Strategies and Techniques	European College of Phlebology & International Compression Club Joint Session
30			
15:00	Coffee Break		
30			
16:00	Satellite Symposium	Satellite Symposium	Satellite Symposium
30			
17:00	UIP Session 11 Vascular Malformations	UIP Session 12 Short saphenous, perforator and below-knee treatment	French Society of Phlebology Session
30			
18:00			
30			
19:00			
20:00	FACULTY DINNER		
22:00			
23:00			

PERGAMON HALL	HALICARNASSUS HALL	SAGALASSOS HALL	ASPENDOS HALL
Coffee Break			
Abstract Session 8	Venous Association of India (VAI) Session	Abstract Session 7	
Coffee Break			
Lunch			
UIP in other languages- Spanish 2 Epidemiology and Diagnosis		Abstract Session 9	Abstract Session 10
Coffee Break			
Young phlebologists meet editors			
First Latin American Superficial and Perforating Venous Mapping Consensus		Abstract Session 11	Abstract Session 12
FACULTY DINNER			

PROGRAM OVERVIEW

15 September 2022, Thursday

	EPHESUS HALL	TROY HALL	CAPPADOCIA HALL
7:00			
8:00	Japanese Society of Phlebology Session (Online)		
9:00	UIP Plenary Session 13 Debate by masters		
10:00	Coffee Break		
11:00	Servier Live Session	UIP Session 14 Venous leg ulcer forum	UIP in other languages- Italian
12:00	Coffee Break		
13:00	Satellite Symposium	Satellite Symposium	
14:00	Chinese Society of Phlebology Session (Online)	Lunch	
15:00	UIP Session 15 Aesthetic Phlebology Session	UIP Session 16 Lymphatic disease (Joint Session with Lymphatic Education & Research Network)	UIP in other languages- Russian 3
16:00	Coffee Break		
17:00	Satellite Symposium		Middle East Venous Session
18:00	UIP Session 17 Venous imaging	UIP Session 18 Best 12 Abstracts	UIP Session 19 All about pulmonary artery: From acute pulmonary embolus to chronic pulmonary hypertension
19:00			
20:00	GALA DINNER		
21:00			
22:00			
23:00			

PERGAMON HALL	HALICARNASSUS HALL	SAGALASSOS HALL	ASPENDOS HALL	MARMARA HALL
Coffee Break				
UIP in other languages- Spanish 3 More on veins	Bentley Workshop	Abstract Session 13	Abstract Session 14	
Coffee Break				
Lunch				
Pan American Society of Phlebology and Lymphology (SOPFYL) Session	UIP session on anterior saphenous vein	Iranian Society of Phlebology Session	Abstract Session 15	
Coffee Break				
Abstract Session 17		Abstract Session 16	Abstract Session 12	UIP Council Meeting
GALA DINNER				

PROGRAM OVERVIEW

16 September 2022, Friday

	EPHESUS HALL	TROY HALL	CAPPADOCIA HALL	PERGAMON HALL
7:00				
8:00	Korean Society of Phlebology Session (Online)			
9:00	UIP Session 20 Pelvic Morning with EVPA I Current Management of Pelvic Venous Disease	UIP Session 21 More on superficial vein treatment	Turkish Society Session I (Turkish)	Uip In Other Languages Spanish 4
10:00	Coffee Break			
11:00	UIP Session 22 Pelvic Morning with EVPA II Challenging Areas in Pelvic Venous Disease-Debates	UIP Session 23 How to do (7 min. video session)	Turkish Society Session II (Turkish)	
12:00	Coffee Break			
13:00	CLOSING CEREMONY (EPHESUS HALL)			
14:00				
15:00				
16:00				
17:00				
18:00				
19:00				
20:00				
22:00				
23:00				

DETAILED PROGRAM

12 September 2022, Monday

12:00	Registration
13:00-14:30	Annual General Meeting
14:30-18:00	General Council Meeting

12 September 2022, Monday

09.00-10.30	UIP Advanced Ultrasonography Course
-------------	-------------------------------------

Irwin Toonder

Suat Doğanç

10:30-10:45	Coffee Break
-------------	--------------

10.45-12.00	UIP Advanced Ultrasonography Course
-------------	-------------------------------------

Irwin Toonder

Suat Doğanç

12:00-12:45	Lunch
-------------	-------

12.45-14.15	UIP Pelvic Ultrasonography Course
-------------	-----------------------------------

Judy Holdstock

14.15-14.30	Coffee Break
-------------	--------------

14.30-16:00	Advanced Phlebology Course - Edited Live Cases (Treatment of C1 disease)
-------------	--

Fabricio Santiago

16:30-19.30	BOSPHORUS TOUR
-------------	----------------

12 September 2022, Monday

09.00-10.30	UIP Advanced Techno Course & Edited Live Cases (Superficial venous treatment--Nonthermal ablation)
-------------	---

Moderator: Steve Elias

- An overview of the current NTNT techniques - Steve Elias
- Varixio - Enric Roche, Giovanni Alongi
- ScleroSafe - Savvas Apostolidis
- V Block - Steve Elias
- Venaseal - Erdal Aslim
- Venablock - Mert Meriç
- Clarivein - Michael Tal

10:30-10:45	Coffee Break
-------------	--------------

10.45 - 12.00	UIP Advanced Techno Course & Edited Live Cases (Superficial venous treatment-Thermal ablation)
---------------	---

Moderator: Sriram Narayanan

- An overview of the current thermal techniques - Manj Gohel
- ClosureFast Endovenous RF ablation - A. Kürşat Bozkurt
- Venclose ESVRF catheter - Lowell Kabnick
- NeoV Laser - Rolandas Dagilaitis
- ThermoBLOCK - Aram Bakhtiar Rasool
- Leonardo EVL - Tobias Hirsch

12:00-12:45	Lunch
-------------	-------

12.45-14.15	UIP Advanced Techno Course & Edited Live Cases (Deep venous treatment)
-------------	---

Moderators: Houman Jalaie, Efthimios Avgerinos

- Mechanical trombectomy for iliofemoral DVT with Aspirex - Theodosios Bisdas
- Clot Trierer- Efthimios Avgerinos
- Flow Trierer- Efthimios Avgerinos
- First data report for the Beyond venous Stent - Houman Jalaie
- Abre Venous stent update - Selim Aydın
- IVUS - The critical role in deep veins - Suat Doğanç
- Venovo venous stent (Edited live case) - Houman Jalaie (Sponsored by BD)

12 September 2022, Monday

14.15- 14.30 Coffee Break

14.30 - 16:00 Hands on training - Deep venous solutions:

Venovo - [Houman Jalaie \(Sponsored by BD\)](#)

(BD Bard, Inari, Bentley, Medtronic, Philips)

Hands on training - Superficial venous solutions

Venclose

(Medtronic, Biolitec, BD Bard, Neolaser, RD Global, VB, VVT Medical, Merit)

16:30-19.30 **BOSPHORUS TOUR**

DOLMABAHÇE HALL B & C

13 September 2022, Tuesday

08:30-09:45 UIP OPENING SESSION

Chairpersons: [Kurosh Parsi](#) (President), [Nick Morrison](#) (Immediate Past President),

[A. Kürşat Bozkurt](#) (Congress Convenor)

Moderators: [Dong-ik Kim](#) (Vice President, online), [Lorenzo Tessari](#) (Vice President),

[Malay Patel](#) (Assistant Secretary)

- Welcome and Opening of the UIP Istanbul World Congress - [A. Kürşat Bozkurt](#)
- President's Address - [Kurosh Parsi](#)
- Final Words - [Nick Morrison](#)
- New Scientific Initiatives in UIP - [Alun Davies](#)
- The New UIP Curriculum - [Oscar Bottini](#)
- UIP Education Modules - [David Connor](#)
- Let's Communicate! - [Victor Canata](#)
- UIP starts with 'U'! - [Sergio Giancesini](#)
- Because we are the best! - [Lowell Kabnick](#)
- Because we need standards! - [Mark Meissner](#)
- Because we live in a world of conflicts! - [Paul Thibault](#)
- Closing Remarks and Acknowledgements - [Moderators](#)

09.45-10.15 Coffee Break

10.15-11.30 UIP Session 2 - Endothermal ablation strategies and techniques

Moderators: [Lowell Kabnick](#), [Victor Canata](#)

- Ultrasound guided laser ablation- [Peter Dragic](#)
- Is laser the current standart for endovenous ablation - [Ints Udris](#)
- Long term results of the open surgery versus theromoablation - the critical role of AASV - [Pekka Aho](#)
- The new RFA devices for truncal (Venclose) and perforator (Maven) vein ablation: The What, How, Where, and When - [Lowell Kabnick](#)
- Does the choice of the treatment method decrease the recurrence rate? [Igor Zolotukhin](#)
- Thermal ablation in the extrafascial location – is it safe? [Ravul Jindal](#)
- Randomized trial comparing mechanochemical ablation with thermoablation [Maarit Venermo](#)
- Discussion
- Reurrence of AASV after endovenous ablation - [Patrizia Pavei](#)
- SYNCHRONOUS study, first results - [Tobias Hirsch](#)

EPHESUS HALL

13 September 2022, Tuesday

11.30-11.50 Coffee Break

11.50-12.30 **Satellite Symposium: Chronic venous disease and diabetes: looking beyond the veins**

ABDI BRAHIM

- Wellcome and introduction - [A. Kürşat Bozkurt](#)
- CveD and Diabetes, any link and similarities? (the cardiovascular surgeon's view) - [A. Kürşat Bozkurt](#)
- CveD medical management, what is the role of Calcium Dobesilate? (the cardiovascular surgeon's view) - [Dilek Erer](#)
- Diabetes complications and CveD, any way for a common management? (the diabetologist's view) - [Giacomo Gastaldi](#)
- Discussion

12.30-13.30 Lunch with the experts on deep vein pathologies (Q&A)

INIMED  [Turhan Yavuz](#)

13.30-15.00 **Medi Symposium**

Compression Treatment in Phlebology and Lymphology - Now and in the Future

Moderators: [Giovanni Mosti](#), [Franz Schingale](#)

- Special patient cases of Lymphoedema treatment with circaid devices [Franz Schingale](#)
- Cost-effectiveness & self-management in evidence-based compression [Sergio Giancesini](#)
- Compression in PTS - [Cees Wittens](#)
- Compression treatment of PAD and diabetes patients with mediven angio [Giovanni Mosti](#)
- Study Presentation: Presentation of the mediven angio study by Medi
- Discussion

15:00-16:00 **UIP Session 5 - WAW Session (Women Around World of Phlebology)**

Opening Words: [A. Kürşat Bozkurt](#)

Introduction From Moderators: [Chantal Aguero](#), [Lorena Grillo](#), [Wassila Taha](#)

- Pelvic venous disorders - [Zaza Lazarashvili](#)
- Discussant - [Suat Doğanç](#)
- Discussant - [Aleksandra Jaworucka](#)
- How to measure the aesthetic QoL- [Dianne Albernaz](#)
- Discussant - [Chris Pittman](#)

EPHESUS HALL

13 September 2022, Tuesday

- IPC in the treatment of lymphedema - [Erika Mendoza](#) (online)
- Discussant - [Franz-Josef Schingale](#)
- Discussant - [Arun Gogia](#)
- Education - [Julianne Stoughton](#)
- Discussant - [Jose Diaz](#)
- Discussant - [Elena Goranova](#)
- WAW Ambassadors - [Pauline Martimbeau](#), [Lourdes Reina](#), [Jinsong Wang](#), [Laura Redman](#)
- Closing Remarks - [Sergio Giancesini](#)

16:00-16:30 Coffee Break

16:30-18:45 Opening & Award Ceremony (ANATOLIA AUDITORIUM)

18:45- 20:15 Cocktail
ICEC Terrace

20:30- 22:00 Concert - Contemporary OPERAtion (ANATOLIA AUDITORIUM)
(For the benefit of the Women Physicians Education Support Foundation)

EPHESUS HALL

13 September 2022, Tuesday

- 10.15-11.30 **UIP Session 3 - Deep vein treatment strategies and techniques**
Moderators: Houman Jalaie, Manj Gohel
- Patient selection and decision making for chronic venous obstruction
[Suat Doğanç](#)
 - Crucial role of IVUS in treatment of CVO - [Houman Jalaie](#)
 - The role of deep venous intervention in venous ulcer care - [Selim Aydın](#)
 - Do we have the perfect venous stent - [Cees Wittens](#)
 - Recanalization and stenting in extensive chronic venous obstruction
[Houman Jalaie](#)
 - Superficial reflux & deep venous obstruction: Which is first? [Steve Elias](#)
 - Deep venous valve reconstructions: Does it work? [Peter Glöviczki](#)
 - Discussion

11.30-11.50 Coffee Break

- 11.50-12.30 **Satellite Symposium - Deep Venous Solutions**
Moderators: Turhan Yavuz, İsmail Koramaz
- Catheter-directed Thrombolysis Combined with Percutaneous Rotational Mechanical Thrombectomy: How to do it? [Mert Meriç](#)
 - Long-term results of additional thrombolytic therapy in patients with acute deep vein thrombosis treated with pharmacomechanical thromboaspiration
[Sağdik Ahmet Sümbül](#)
 - Results of internal compression therapy on patients with deep pathologies
[Turhan Yavuz](#)
 - The Effect Of Compliance With Elastic Compression Stockings On Severity Of Post-thrombotic Syndrome After 2 Years In Patients following Pharmacomechanical Catheter-Directed Thrombolysis For Acute Iliofemoral DVT - [Ali Baran Budak](#)

12.30-13.30 Lunch

- 13.30-15.00 **UIP Session 4 - Acute superficial and deep vein thrombosis**
Moderators: Mehmet Kurtoğlu, Maurizio Pagano
- Surgical approach for deep vein thrombosis - [Zgigniew Krasinski](#)
 - Tumour type makes difference for cancer associated VTE - [Gökhan Demir](#)
 - Venous involvement in Behçet's disease - [Fatma Alibaz](#)
 - Pelvic venous thrombosis: Are we underestimating? [Sergio Giancesini](#)

TROY HALL

13 September 2022, Tuesday

- Interethnic difference in VTE incidence - [N C Liew](#)
- Patient - Centered Outcome Measures for VTE - [Adam Gwozdz](#)
- Superficial vein thrombosis and recurrent VTE after tinzaparin: SeVen study
[Christos Karathanos](#)
- Turkish Guideline for venous thromboembolism - [Mehmet Karahan](#)
- Discussion
- 1st discussant - [Ernesto Intriago Loo](#)

15:00-16:00 **UIP Session 6 - Complications and failures in phlebology**

- Moderators: Sorin Olario, Imra Bihari**
- How to avoid and treat of matting? [Kurosh Parsi](#)
 - Tips and tricks for avoiding hyperpigmentation - [Dimitris Papastavrou](#)
 - How to avoid ulcers after sclerotherapy - [Alvaro Orrego](#)
 - Major complications of foam sclerotherapy - [Malay Patel](#)
 - Secondary telangiectasis of the thigh after EVLA - [Denis Borsuk](#)
 - How can we improve patient satisfaction - [Shoaib Padaria](#)
 - Discussion
 - 1st discussant- Analysis of rare events after foam sclerotherapy - [Enric Roche](#)

16:00-16:30 Coffee Break

16:30-18:45 Opening & Award Ceremony (ANATOLIA AUDITORIUM)

18:45- 20:15 Cocktail
 ICEC Terrace

20:30- 22:00 Concert - Contemporary OPERAtion (ANATOLIA AUDITORIUM)
 (For the benefit of the Women Physicians Education Support Foundation)

TROY HALL

13 September 2022, Tuesday

10.15-11.30

North & South Africa meet at UIP (Sponsored by Servier)

"Recurrent Varicose Veins"
Chairpersons: Laura Redman (Africa), Willy Chi (North America), Chantal Aguero (South America), Elena Goranova (Europe), Shoaib Padaria (Asia), Paul Thibault (Australia)

Moderator: Rashad Bishara

Co-moderator: Martin Forlee

Opening: A. Kürşat Bozkurt

1. Tips for vascular ultrasound in recurrent varicose veins. Wassila Taha.

Discussant: Chris Pittman

2. Effect of medical treatment on the quality of life of 3500 patients.

Zoubaida Tazi Mezalek

Discussant: Armando Mansilha

3. Predictive factors for varicose veins recurrence. Imed Frikha

Discussant: Lorena Grillo

4. Surgical approach in recurrent varicose veins. Nejib Bouayed

5. Sclerotherapy approach in recurrent varicose veins. Jihane Ben Cheikh

6. May Thurner Syndrome a cause of varicose recurrence. Leila Bouziane

Discussant: Zaza Lazarashvili

7. IVC anomalies presenting as recurrent varicose veins. Zaki Shaik. South

Discussant: Marald Wikkeling

8. Laser crossectomy vs routine accessory ablation to prevent post-EVLA recurrence. Ahmed Gaweesh

Chairpersons' comments

Closing: Sergio Giancesini

11.30-11.50

Coffee Break

11.50-12.30

Satellite Symposium - EVLA: Why the 1940nm laser and the Infinite Ring
Fiber
Rolandas Dagilaitis
ATAK
CERRAHI

12.30-13.30

Lunch

13 September 2022, Tuesday

13.30-15.00

Egyptian Venous Forum Session
Chairmen: Mostafa Soliman, Adel Kamhawy

Moderator: Ayman Fakhry

- Adjuvant wound therapies for intractable venous leg ulceration: Who, when and why? Ayman Fakhry
- Use of electromagnetic resonating energy for treating chronic venous ulcer, Turkish experience - Alper Erkin
- Comparative Study between Endovascular Coiling and Laparoscopic Excision of Symptomatic Ovarian vein - Amr Abdel Rahim
- Pelvic congestion syndrome in male patients - Mohamed Farid
- No more chronic wound, new hope for patients - Mostafa Soliman
- Microwave ablation of Great saphenous vein for treatment of varicose veins- early Egyptian experience - Sohail Nagib
- Use of venoactive drugs in postthrombotic disease
- Discussion

15:00-16:00

UIP in other languages- Russian 1
Chairmen: Shaidakov E.V., Sultanaliyev T.A., Mzhavanadze N.D.

- The use of parnaparin for treatment of superficial vein thrombosis in pregnant Olga Dzhennina
- Autologous plasma gel as a sclerosing agent in treatment of reticular veins and telangiectasias of lower extremities - Burumkulov Y.R.
- Variant anatomy of the femoral and popliteal veins in patients with varicose veins and post-thrombotic syndrome - Nina Mzhavanadze
- Horizons of molecular genetic diagnosis and varicose veins treatment Gavrilov K.A.
- The role and value of endovascular treatment in patients with acute deep vein thrombosis of lower extremities - Irnazarov A.A.

16:00-16:30

Coffee Break

16:30-18:45

Opening & Award Ceremony (ANATOLIA AUDITORIUM)

18:45- 20:15

Cocktail
ICEC Terrace

20:30- 22:00

Concert - Contemporary OPERAtion (ANATOLIA AUDITORIUM)
(For the benefit of the Women Physicians Education Support Foundation)

13 September 2022, Tuesday

10.15-11.30 **UIP in other languages- Spanish 1: Ulcer Treatment**

Moderators: Ernesto Intriago, Carlos Simkin

- Role of compression in venous ulcer - [Benilde Claudia Aroca De Fracchia](#)
- Types of bacteria in varicose ulcer cultures - [Juan Chunga Prieto](#)
- Discussion: Florencia Velletaz, [María Monserrat Díaz](#)
- Debridement of venous ulcers with augmented reality by autofluorescence, a new strategy for managing bacterial load [Tomas Alberti](#)
- Care of perilesional tissue in vascular Ulcers [Mariuxi Morales](#)
- Discussion: [Martin Mazzurco](#), [Ismael Pizarro](#)
- Echoguided sclerotherapy for venous wounds (Venous Ulcer) [Eduardo Toledo De Aguiar](#)
- Varicose ulcer in a patient with a history of clubfoot About a case [Patricia Fernández Avalos](#)
- Discussion: [Luis Parrota](#), [Luis Rodríguez](#)
- Summary of the 1st Virtual Venous Ulcer Consensus 2021 [Marcelo Morales](#)
- Relevant Endovascular Procedures in Ulcer Treatment [Ignacio Escotto](#)
- Discussion: [Stella Ferreira](#), [Eduardo Altavista](#)

11.30-11.50 Coffee Break

12.30-13.30 Lunch

13.30-15.00 **Brazilian Association Phlebology and Lymphology Session**

Moderators: Angelo Scuderi, Carlos Carvalho

- Treatment of varicose veins with saphenous vein preservation - [Paolo Scuderi](#)
- Treatment of varicose veins with saphenous, tributary and perforating veins [Ary Elwing](#)
- Treatment of varicose veins with saphenous, tributary and perforating veins [Eduardo Aguiar](#)
- Lipoedema - [Anderson Guariglio](#)
- Perforating vein treatment is a myth - [Nara Medeiros](#)
- Foam Sclerotherapy for varicose veins - The Brazilian experience [Felipe Coelho Neto](#)
- Foam sclerotherapy in association with transdermal laser for reticular veins [Rodrigo Gomes de Oliveira](#)

PERGAMON HALL

13 September 2022, Tuesday

- Laser Q-switched for pigmentation after varicose vein treatment [Fernando Tres Silveira](#)
- Venous Ulcer Treatment by Ultrasound Guided Foam Sclerotherapy. Is There a Gender Difference? [Eduardo de Aguiar](#)

15:00-16:00 **Vein and Lymphatic University – UIP: What would I do?**

VLU Chairs: Victor Canata & Lowell Kabnick

Moderators: A. Kürşat Bozkurt & Alun Davies

Honorary Chairpersons: Armando Mansilha, Sorin Olariu

International Honorary Presidents:

Nuttawut Sermsathanasawadi, Cees Wittens

Cases

1. Superficial Venous Case 1 [Mark Meissner](#)
Discussants: [Ravul Jindal](#), [Michael Lichtenberg](#), [Carlos Simkin](#)
2. Superficial Venous Case 2 [Jaroslav Strejcek](#)
Discussants: [Stephen Black](#), [Manj Gohel](#), [Mark Whiteley](#)
3. Chronic Deep Venous Obstruction: [Sriram Narayanan](#)
Discussants: [Ayman Fakhry](#), [Houman Jalaie](#)
4. Cosmetic Phlebology: [Anelise Rodrigues](#)
Discussants: [Luis Arias](#), [Miguel Avramovic](#), [Alvaro Orrego](#)

16:00-16:30 Coffee Break

16:30-18:45 Opening & Award Ceremony (ANATOLIA AUDITORIUM)

18:45- 20:15 Cocktail
ICEC Terrace

20:30- 22:00 Concert - Contemporary OPERAtion (ANATOLIA AUDITORIUM)
(For the benefit of the Women Physicians Education Support Foundation)

PERGAMON HALL

13 September 2022, Tuesday

10.15-11.30

Medi Workshop

"Compression therapy after Sclerotherapy"

Attilio Cavezzi - Thomas Noppeney

medi

13 September 2022, Tuesday

10.15-11.30

Abstract Session 1

(English) Moderators: Imre Bihari, Bahadır İnan, Çağatay Engin

- OP001 Venous disorders as an occupational disease: data, pathophysiology, and modification strategies-Tobias Hirsch
- OP002 Long-term practical experience with cyanoacrylate- Najib Jawadi
- OP003 Radial laser therapy with 1940 nm using a new fiber 2 Ring Swift – a single center report-Thomas Weiler
- OP004 Sclerotherapy In The Treatment Of Recurrences Of The GSV In Groin Steffen Horst Peter
- OP005 Benefits of a new adjustable compression system for reducing edema (akro study) - preliminary results-Tobias Hirsch
- OP006 Analysis of rare events after foam sclerotherapy in a single center (2013-2021)-Enric Roche
- OP007 Evaluation Of Knowledge, Training, And Attitude On Chronic Venous Disease In The Undergraduate Of Medicine In Spain-- German Morales-Cuenca
- OP008 The effect of pregnancy on laser crossectomy results-Imre Bihari
- OP009 The Comparison of 1940 and 1470 nm Laser in Early Postprocedural Period-Simon Julinek
- OP010 Cyanoacrylate Glue Embolisation for Varicose Veins - Unusual Findings During Duplex Sonography Checks - {Sieve Phenomenon}-Jaroslav Strejcek
- OP014 Endovenous Laser Ablation 1940 nm, First 1000 Cases-Dmitrii Slavin
- OP034 Veinstep: Chronic Venous Disorders Management And Treatment Effectiveness Evaluation In Chronic Venous Disease, An International Observational Prospective Study. Results From Morocco, China And Romania Zoubida Tazi Mezalek

13 September 2022, Tuesday

13.30-15.00

Abstract session 3

(English) Moderators : Mehmet Ali Özatik, Ümit Kervan, M. Onur Hanedan

- OP024 Total Thrombectomy After The Superficial Thrombophlebitis Of The Inferior Limbs-Ciubotaru Valerian
- OP025 Avoid Inconclusive Outcomes from Compression Studies-Andreas Nilsson
- OP026 Effects and Consequences of Concurrent Phlebectomies During Endovenous Procedures-Marios Valsamis
- OP027 Endovenous thermal ablation techniques for the treatment of great saphenous vein incompetence-Christos Karathanos
- OP028 Application of N-2 -Butyl cyanoacrylate venablock system in the treatment of varicose veins- Mahammad Karimov
- OP029 Efficacy of Adjustable Velcro Compression Device Using Compreflex Wrap on Venous Leg Ulcer: A Multicenter Experimental Study-Harikrishna K. R. Nair
- OP030 Cerebrospinal Venous Obstruction: Response to Disulfiram-Paul Thibault
- OP031 Novel techniques in retrieving long standing complicated IVC filters changing the diagram of outcomes for the patients-Mahmoud Salah
- OP032 Using the cava filter in patients with floating embolida thrombs Azamat Abdullinov
- OP033 The results of Endovenous laser ablation of varicose tributaries of the limbs with lasers with a wavelength of 1470 nm and 1940 nm-Shokhzod Zokirkhonov
- OP139 Great saphenous vein sparing segmental radiofrequency ablation in varicose veins patients-Veronika Golovina
- OP150 Alternative Use Of Elves Radial 2Ring Pro Fiber To Improve Treatment Outcomes.-Dmitrii Alekseev
- OP042 Calculation Of The Optimal LEED When Performing EVLA-Dmitrii Alekseev

13 September 2022, Tuesday

15:00-16:00

Abstract session 5

(English) Moderators: Murat Sargin, Şenol Yavuz, Adil Polat

- OP052 High quality foam and symptom-focused approach as the basis of a protocol for pe.v.d. treatment-Athanasios Siafakas
- OP053 Compression therapy in the treatment of superficial vein thrombosis Tanja Planinsek Rucigaj
- OP054 COVID-19 associated thromboses-Nurbek Karazhanov
- OP055 Role and place negative pressure wound therapy in the management of large chronic venous leg ulcers-Boboyor Keldiyorov
- OP056 Endothermal Laser Treatment Of Small Saphenous Vein And The Risk Of Nerve Damage - Steffen Horst Peter
- OP057 Two Balkan Centers Assessment on the Quality of Life After Endovenous Laser Ablation or Radiofrequency Ablation-Valbon Gashi
- OP058 Lower prevalence of stump reflux after endovenous laser flush ablation of the great saphenous vein-Juris Rits
- OP059 Comparison of quality of life and postoperative complications in patients after new total evla versus evla with miniphlebectomy- Ints Udris
- OP060 Totally Online Initiation of Comprehensive Decongestive Therapy (CDT) for Lymphedema-Shashi Bhushan Gogia
- OP061 How to avoid sclerotherapy adverse events : Hyperpigmentation and Matting-Sina Aghdasi
- OP-020 Risk factors for venous thrombosis in patients with endoprosthetics of hip joints - Sviatoslav Kostiv

SAGALASSOS HALL

13 September 2022, Tuesday

10.15-11.30

Abstract session 2

(Russian) Moderators: Kirill Lobastov, Dimitrii Rosukhovskii

- OP011 Mitochondrial DNA Impairments Affect Mitochondria's Functional State in Varicose Veins-Mariya Smetanina
- OP012 Mid-term and long-term results of various treatment strategies for patients with recurrent varicose veins of the lower extremities-Konstantin Chernykh
- OP013 Radiation diagnosis of varicose veins of the pelvis of a man-Oleg Zhukov
- OP015 Adhesion molecules and their ligands in patients with varicose veins Igor Suchkov
- OP016 Cryo Laser And Cryo Sclerotherapy (CLaCS) vs MicroSclerotherapy Dmitrii Rosukhovskii
- OP017 Russian version of the patient-reported Caprini risk assessment tool Kirill Lobastov
- OP018 Does the duration of systemic anticoagulation affect the risk of venous thromboembolism in patients with superficial venous thrombosis? A systematic review and meta-analysis.-Kirill Lobastov
- OP019 Surgical treatment of acute and chronic superficial varicothrombophlebitis on an outpatient basis-Lavrov R.NOP021-D-dimer is a potential marker of central venous obstruction in patients with a permanent pacemaker Igor Suchkov
- OP022 Interim results of the ongoing prospective registry study CAPSIVS Kirill Lobastov
- OP023 Surgical treatment of varicose veins in patients with CEAP 6 in outpatient practice -Lavrov R.N

ASPENDOS HALL

13 September 2022, Tuesday

13.30-15.00

Abstract session 4

(Russian) Moderators: Igor Suchkov, T.A. Sultanaliyev

- OP036 Differential diagnosis and treatment of edema in multi-splintered fractures of the ankle joint-Julia Kononova
- OP037 Markers of vein-specific inflammation after endovenous laser ablation in patients with varicose veins-Igor Suchkov
- OP038 X-ray endovascular methods for the treatment of veno-occlusive erectile dysfunction-Oleg Zhukov
- OP039 Features of the clinical course of chronic venous insufficiency in patients with morbid obesity (BMI>40kg/m²)-Alexander Khitanyan
- OP040 Application Of Combined Biomaterials In Surgery Of Ulcer Defects
Konstantin Koreyba
- OP041 System of pattern recognition receptors of innate immunity in patients with lower extremities varicose veins (LEVV) of the C6 clinical class at inclusion of systemic enzyme therapy in the treatment protocol-Ivan Vasiliev
- OP043 Perforator veins cyanoacrylate obliteration in the treatment of long standing venous ulcers-Pavel Turkin
- OP044 Long-Term Results Of Cyanoacrylate Embolization Of Saphenous Veins
Elena Murzina
- OP045 Variant anatomy of the femoral and popliteal veins in patients with varicose veins and post-thrombotic syndrome-Igor Suchkov
- OP046 Thrombotic and Hemorrhagic Complications in Patients with Severe COVID-19
Igor Suchkov
- OP047 Method of preventive ultrasound diagnosis of venous thrombosis
Valeriya Evseeva
- OP048 How to improve C1-C2 patients treatment results: novel technique or evolution of the old one?-Dmitry Lishov
- OP049 Features of Surgical Tactics in Patients With Acute Varicotrombophlebitis With Undifferentiated Connective Tissue Dysplasia After Crossectomy-Oleg Tsarev
- OP050 Post-thrombotic syndrome prevention on patients after COVID-19
Jakhongir Matmuradov
- OP051 The Role And Value Of Endovascular Treatment In Patients With Acute Deep Vein Thrombosis Of Lower Extremities-Akmal Irnazarov

ASPENOS HALL

13 September 2022, Tuesday

15:00-16:00

Abstract session 6

(French) Moderators: Moderators: Sammi Zerrouk, Gilles Gachet

- OP062 Thrombectomy? sclero-aspiration? Simple aspiration-evacuation of trapped blood after foam sclerotherapy?-Gilles Gachet
- OP063 Anatomico-physio-pathology and Treatments of lateral varicose Veins of lower Limbs-Gilles Gachet
- OP064 Diagnostic performances of Ultrasound to detect increased histological vein wall thickness in patients with chronic vein disease-Sammi Zerrouk
- OP065 Comparative study on an alternative approach in ultrasound-guided sclerotherapy, the transversal in plane puncture-Sammi Zerrouk
- OP066 What Compression To Apply After Ultrasound Guided Foam Sclerotherapy?
Gilles Gachet
- OP067 Immersive virtual reality for educational anatomy : a new remote software for collaborative works-Jean Francois UHL
- OP068 Ultrasound Guided Foam Sclerotherapy Under Direct Oral Anticoagulant Treatment-Gilles Gachet
- OP069 3D modeling and printing of venous system from CT venography: methodology & results -Jean Francois UHL
- OP070 Why and how to reduce saphenous varicose veins diameter for chemical ablation-Gilles Gachet

ASPENOS HALL

14 September 2022, Wednesday

- 07:15-08:15 **UIP Engagement Working Group Session**
Developing Phlebo-Lymphology: from under to top served scenarios
- Opening (**Kurosh Parsi**, **A. Kürşat Bozkurt**, Selected Comment from previous webinars)
 - Met & Unmet Needs in Phlebo-lymphology development: Global survey report (**Chantal Aguero**)
 - Engagement options (free submission) (LATAM), (N AM), (EUR), (AFRICA), (ASIA), (OCEANIA)
 - Phlebo-lymphology education: step 1 (**Enrique Victoria**)
 - Engagement options (free submission) (LATAM), (N AM), (EUR), (AFRICA), (ASIA), (OCEANIA)
 - Open comments
 - Final Remarks
(**Sergio Giancesini**, UIP Engagement Working Group Chair)
(**Oskar Bottini**, UIP Education Committee chair)
(**Meena Cherian**, Geneva foundation for Medical Education & Research)
- 08:15-09:45 **UIP Plenary Session - What's new in phlebology**
Moderators: Kurosh Parsi, A. Kürşat Bozkurt
- VCSS, Villata and quality of life tools: They can be improved - **Alun H. Davies**
 - 2022 guidelines for thrombosis - important implications - **Armando Mansilha**
 - New valve technologies for the treatment of deep venous diseases
Jorge Ulloa (online)
 - Optimizing outcomes of DVT Interventions - **Efthymios Avgerinos**
 - Update on iliofemoral recanalization - **Houman Jalaie**
 - Thermal, nonthermal or HIFU in 2022 - **Mark Whiteley**
 - The best road for leg ulcer treatment - **Manj Gohel**
 - Update of new varicose vein guidelines - **Peter Gloviczky**
- 09:45-10:15 Coffee Break
- 10:15-11:30 **Medtronic Symposium**
Medtronic New Horizons in Endovenous Therapies: From Deep to Superficial
- CVI treatment options updates - What is new? - **Tobias Hirsch**
 - Pelvic Venous Disorders: How to Manage - **Suat Doğanç**
 - Deep Dive into Venous Stenting Guidelines, Diagnosis, Treatment and Abre Clinical Updates - **Houman Jalaie**

14 September 2022, Wednesday

- 11:30-11:50 Coffee Break
- 11:50-12:30 **Satellite Symposium**
 - Adaptive compression systems: preliminary results of two new clinical studies
Coolflex - a one-hand procedure is the key to self-management in edema treatment - **Tobias Hirsch**
 - Comreflex Wraps: efficacy, ease of use and compliance in patients with chronic edema of the lower extremities - **Harikrishna Ragavan Nair** (online)
- 12:30-13:30 Lunch with the experts (Q&A) - (Invamed-Superficial - **A. Kürşat Bozkurt**)
- 13:30-15:00 **UIP Session 9: Interventional treatment options for deep venous pathologies**
Moderators: Houman Jalaie, Efthymios Avgerinos
- Technical developments in mechanical thrombectomy for acute deep vein thrombosis - **Michael Lichtenberg**
 - Transitioning towards purely mechanical therapies for acute DVT interventions
Efthymios Avgerinos
 - Do we still need endophlebectomy - **Suat Doğanç**
 - Attaining the maximal inflow in patients with extensive chronic venous obstruction - **Houman Jalaie**
 - Correct diagnosis, indication and treatment of May Thurner Syndrome
Stephen Black
- 15:00-15:30 Coffee Break
- 15:30-16:15 **Satellite Symposium**
Four Pillars of Future Phlebo-lymphology
Chairs: Suat Doğanç, José Antio Diaz
- More Than Varicose: Comorbidities management - **Willy Yung-Wei Chi**
 - Q&A with the Discussant - **Lan Zhang**
 - C6 challenge & solution - **Sorin Olariu**
 - Q&A with the Discussant - **Suat Doğanç**
 - From inflammation to thrombosis & back - **Erasto Aldrett Lee**
 - Q&A with the Discussant - **Juraj Madaric**
 - Endothelium organ...next step - **Sergio Giancesini**
 - Q&A with the Discussant - **Rodrigo Rial**
 - Final Remarks - **Armando Mansilha, Jinsong Wang**

14 September 2022, Wednesday

16.15-17:45 **UIP Session 11 - Vascular Malformations**

Chair: Kurosh Parsi

Moderator: Pier Luigi Antignani

- Overview of Vascular Anomalies and UIP/IUA Treatment Guidelines
Kurosh Parsi
- Foam ablation for venous malformations- **Pierre Luigi Antignani**
- Sciatic nerve varices: Duplex Investigations and Treatment- **Roy Varghese**
- Treatment of marginal vein in KT: Endovenous thermal ablation or foam?
Nuttawut Sermsathanasawadi
- Endovenous treatment of venous malformations - **Ravul Jindal**
- Discussion

19:30 -22:00 Faculty Dinner (Bosphorus Boat Tour, by invitation)

EPHESUS HALL

14 September 2022, Wednesday

10.15-11.30 **UIP Session 8 - What is new on Sclerotherapy**

Moderators: Mark Malouf, Lorenzo Tessari, Paola Casoni

- The management of varicose syndrome - State of Art - **Angelo Scuderi**
- What should we know about US guided foam sclerotherapy? **Danny Pratama**
- Compression following sclerotherapy of C1 varicose veins – necessary or not?
Elena Goranova
- Foam sclerotherapy may replace phlebectomy in primary therapeutic attempt or in the recurrent varicose vein treatment? **Claudine Hamel-Desnos**
- A new and interesting approach for foam sclerotherapy - **Savvas Apostolidis**
- Sclerotherapy followed by laser for the treatment of C1 disease - **Alvaro Orrega**
- Discussion
- 1st discussant **Christian Baraldi**
- 2nd discussant: Techniques of evacuation of trapped blood after foam sclerotherapy - **Gilles Gachet**

11.30-11.50 Coffee Break

11.50-12.30 **Satellite Symposium - Superficial Venous Solutions**

INIMED **Moderators: Fatih İslamoğlu, Ufuk Alpagut**

- VeinOFF: Which patients and procedural pearls for side branches
Halit Yerebakan
- Novel Combination for Complete Ablation of Incompetent Great Saphenous Vein: Mid-Term Results of Glue plus Foam - **Fatih İslamoğlu**
- ThermoBLOCK ablation system for the treatment of C1 disease
Mehmet Ali Yeşiltaş
- THERMOBLOCK Radiofrequency ablation in the treatment of varicose veins
Aram Bakhtiar Rasool

12.30-13.30 Lunch

13.30-15.00 **UIP Session 10 - Non Thermal Non Tumescant Ablation Strategies and Techniques**

Moderators: Nuttawut Sermsathanasawadi, Antonis Papageorgiou, A. Kürşat Bozkurt

- Mechanochemical endovenous ablation in the treatment of primary great saphenous vein incompetence: long-term results and predictors of failure
Clark Zeebregts
- Mechano-chemical saphenous vein ablation MOCA - **Steve Elias**

TROY HALL

14 September 2022, Wednesday

- Vein ablation by glue – Safety and efficacy issues
Nuttawut Sermsathanasawadi
- Saphenous and non-saphenous ablation by Turkish glue - **A. Kürşat Bozkurt**
- Which method and which indication for NTNT? **Imra Bihari**
- MOCA: Mexican experience - **Javier Alfredo Serralde Gallegos**
- A new mechanical NTNT alternative - **Steve Elias**
- Aftercare following standardized venous procedures - **Wijnanad Van Gent**
- Foam-Glue syringe: A new device for varicose vein treatment - **Lorenzo Tessari**

15.00-15.30 Coffee Break

15:30-16:15

**Boston
Scientific**

Satellite symposium

How to improve your outcomes with DVT patients ?

Diagnostic & treatment dilemmas in Venous – How & when to Intervene

Moderators: A. Kürşat Bozkurt, Suat Doğanç

Houman Jalaie

Steven Black

16.15-17:45

UIP Session 12 - Short saphenous, perforator and below-knee treatment

Moderators: Jürg Traber, Dimitar Petkov, Douglas Hill

- What is the best for SSV treatment: Surgery, thermal or non-thermal ? **Willy Chi**
- Debate: Complete stripping of long saphenous vein: Should we totally abandon it?
No! we should continue - **İlknur Günaydın**
- Yes: Total endovenous laser ablation is the choice - **Ints Uldris**
- How to deal with below the knee great saphenous vein incompetence?
Steve Elias
- An update on perforator vein treatment: when and how? **Macid Moini**
- Is endovenous ablation possible in postthrombotic limb? **Rodrigo Rial**
- 1470nm v 1940nm for endovenous ablation - **Mark Whiteley**
- Nerve damage after endothermal ablation - **Savvas Apostodilis**
- Current Treatment Options for the Small Saphenous Vein - **Douglas Hill**
- Discussion
- 1st discussant Nerve damage after EVTA for short saphenous vein
Steffen Horst Peter
- Hybrid laser and foam after REVAS - **Tomas Alberti**

19:30 -22:00

Faculty Dinner (Bosphorus Boat Tour, by invitation)

TROY HALL

14 September 2022, Wednesday

10.15-11.30

UIP in other languages- Russian 2

Chairmen: Suchkov I.A., Lobastov K.V., Murzina E.A.

- Application of N-2 -Butyl Cyanoacrylate Venablock System in the treatment of varicose veins - **Mahammad Karimov**
- Clinical practice guidelines for the management of C1 clinical class of chronic venous disorders (reticular veins and telangiectasias) - **Bogachev V.**
- Clinical efficacy of low concentrate detergents versus hypertonic clucose for the treatment of telangiectasia: a prospective randomized clinical trial
Bukina OV
- Robot-Assisted autovenous bypass surgery in nutcracker syndrome -
R.A. Vinogradov
- Correlation of imaging results with symptoms of pelvic varicose veins, concomitant pathology and treatment tactics - **Anastasia A. Akulova**
- The effectiveness of endovenous laser obliteration in the treatment of superficial venous malformations of the upper and lower extremities
Farkhad Umaro
- Capabilities of artificial intelligence in CEAP classification for patients with chronic venous disorders - **Denisov V.E.**

11.30-11.50

Coffee Break

11.50-12.30

UIP in other languages- Bulgarian

Moderators: Elena Goranova, Dimitar Petkov

- Incidence of Deep Vein Thrombosis In Covid-19 Patients: A Single Center Prospective Study - **Ralitsa Nikolaeva**
- A Whole New Approach to Mechanochemical Ablation (MOCA)
Nikolay Valchev
- Comparison Between the Radiofrequency, Laser And Mechanochemical Ablation Results. A multicentric trial - **Elena Goranova**
- Surgical Approach for Pulmonary Thromboembolism Prevention In The Infrainguinal Segment - **Svetozar Marangozov**
- Endovascular Treatment of Chronic Post-traumatic Popliteal Arteriovenous fistula - **Nikola Kolev**

12.30-13.30

Lunch

CAPPADOCCIA HALL

14 September 2022, Wednesday

- 13.30-15.00 **European College of Phlebology & International Compression Club Joint Session**
Moderators: Alun Davies, Giovanni Mosti
- Training a Phlebologist in Europe – **Cees Wittens**
 - What does the epidemiology/large data tell us about the future management of the patient venous disease - **Safa Salim**
 - Updates on the latest venous trials – **Matt Machin**
 - UIP one page guidelines update – **Matt Tan**
 - Compression does prevent PTS. - **Fedor Lurie**
 - Wraps: the future of compression? **Jean Patrick Benigni**
 - Black holes in compression. **Giovanni Mosti**

15.00-15.30 Coffee Break

- 15:30-16:15 **Satellite symposium**
Rivaroxaban for the initial, long-term treatment of vte and cancer associated thromboembolism
Tankut Akay, Cengiz Köksal, Ozan Onur Balkanay

- 16.15-17:45 **French Society of Phlebology Session**
Moderator: Nicolas Néaume
- Materiovigilance in thermal ablation - **Nicolas Néaume**
 - Physioanatomy of venous malformations - **Thomas Jammes**
 - Management of venous malformations - **Yacine Oudrhiri**
 - Why and how to reduce saphenous varicose veins diameter for chemical ablation - **Gilles Gachet**
 - Pharmacovigilance of sclerotherapy - **Emilie Dauphin**
 - Discussion
 - 1st discussant - **Wael Bouzir**

19:30 -22:00 **Faculty Dinner (Bosphorus Boat Tour, by invitation)**

CAPPADOCCIA HALL

14 September 2022, Wednesday

- 10.15-11.30 **Abstract session 8 (Spanish)**
Moderators: Fernanda Vega, Luis Rene Arias Villarroel

- OP082 May-Husni Procedure. A Case Report With 24-year Follow-up - **Eduardo de Aguiar**
- OP083 First Latin American Consensus of Venous Mapping of Superficial and Perforating Veins: The process of reaching a consensus-**Fanny Rodriguez Santos**
- OP084 Radiofrequency Ablation Associated with Foam Sclerotherapy for Varicosities In One-step Approach: A Prospective Cohort Study Comprising Large Diameters Saphenous Veins-**Douglas Poschinger-Figueiredo**
- OP085 Neuropathy of venous source- **Cuahtemoc Ramirez**
- OP086 Sulodexide combined with compression improves overall quality of life in patients with ceap stages C0s and C1s.-**Nora Lecuona**
- OP087 Deep obstructions then compensation circuits outside perforator
Guillermo Camicia
- OP088 ThermoPhlebography: Use in Diagnosis and Treatment of Varicose Veins. A Pilot Study- **Jose Maria Miguel Aguilera Cantero**
- OP089 Autologous Epidermal Dermal Device ADED Smart bioengineered autologous bilayer skin substitute Preliminary results of the pilot clinical study
Ruben Felix Vellezz
- OP090 Autograft Of Skin In Ulcers Of Limbs, Report Of Three Cases-**Gastón Calderón**
- OP091 Ultrasound Guided Foam Sclerotherapy of Insufficient Perforating Veins in Patients with C4 Disease-**Fanny Rodriguez Santos**
- OP092 Inguinal venous recurrence neovascularization or pre-existing lymphoganglionar venous network? Study by means of multislice **CT-Guillermo Camicia**
- OP093 Sulodexide a useful drug on the acute management of deep venous thromboembolism - **Erasto Aldrett**
- OP094 The Efficacy and benignity of sclerotherapy-**Luis Rene Arias Villarroel**
- OP095 Does conventional surgery have a role today for venous insufficiency treatment?
Fernando Vega R.

11.30-11.50 Coffee Break

12.30-13.30 Lunch

PERGAMON HALL

14 September 2022, Wednesday

- 13.30-15.00 **UIP in other languages- Spanish 2: Epidemiology and Diagnosis**
Moderators: Angelo Scuderi, Roberto Simkin
- New evidence that predisposes venous disease. **Chantal Aguero**
 - Optimization of Clinical History for data collection - **Daniela Calcina**
 - Discussion; **Hugo Navas**
 - Discussion; **Fanny Rodriguez Santos**
 - Clinical maneuvers in Echodoppler - **Fernando Vega**
 - Miscellaneous in Venous Doppler - **Emilio Desjardins**
 - Discussion; **Alejandro Boroda**
 - Discussion; **Sebastian Sarute**
 - Post laser Ablation hemodynamic changes in incompetent superficial veins.
Jorge Segura
 - Discussion: **Franco Arias, Javier Serralde**
 - Use of sclerotherapy in non-varicose pathology - **Eduardo Halush**
 - Applications of Thermography in the patient with varicose veins - **Carlos Duran**
 - Advantages of Polidocanol and hydrogen peroxide sclerosing autofoam compared to classic foam - **Jorge Plaquin**
 - Discussion: **Paola Ortiz, Rubén Velletaz**

15.00-15.30 Coffee Break

- 15.30-16:15 **Young phlebologists meet editors**
Moderator: Şahin Şenay
- JVS Vein and Lymphatics - **Peter Glovickski**
 - Phlebology - **Alun Davies**
 - Int. Angiology - **Armando Mansilha**
 - J-TSTCVS - **Soner Sanioğlu**

- 16.15-17:45 **First Latin American Superficial and Perforating Venous Mapping Consensus**
Chairman: Oscar Bottini
Secretary: Lorena Grillo
- Welcome - **A. Kürşat Bozkurt**
 - Introduction
 - Consensus project Development stages (Preparation, Consultation, Results)
Fanny Rodriguez
 - Template and represented structures - **Chantal Agüero**
 - Geometric Shapes, Lines and Colors - **Alejandro Boroda**

14 September 2022, Wednesday

- Used nomenclature and measurements of diameters and lengths
Fabricio Santiago
- Expanded Visions and Examples - **Franco Arias**
- Discussion
- Closing - **Oscar Bottini**

19:30 -22:00 **Faculty Dinner (Bosphorus Boat Tour, by invitation)**

14 September 2022, Wednesday

- 10.15-11.30 **Venous Association of India (VAI) Session**
Moderators: Shoaib F. Padaria, Malay Patel
- Endovenectomy – Lessons learnt and tips - **Robbie George**
 - Thrombolysis for Acute DVT - **Davendra Dekiwadia**
 - Aesthetic Laser treatment for Spider Veins - Current techniques- **Ravul Jindal**
 - All you wanted to know about dedicated Venous Stents - **Dheepak Selvaraj**
 - Thyroid disease and Chronic Venous Insufficiency - **Shoaib Padaria**
 - Phlebarthrosis – neglected cause of joint pain - **Roy Varghese**
 - Role of NOACs in Deep Vein Thrombosis - **Rama Krishna Pinjala**
 - Venotonic drugs for Chronic Venous Insufficiency - **Jayanto Das**
 - Discussion

19:30 -22:00 **Faculty Dinner (Bosphorus Boat Tour, by invitation)**

14 September 2022, Wednesday

10.15-11.30

Abstract session 7

(English) Moderators: Adam Gwozdz, Suat Nail Ömeroğlu, Soner Yavaş

- OP071 Patient Satisfaction Following Phlebectomy for Prominent Temporal, Periorbital and Facial Veins-Simon D Muschamp
- OP072 An updated systematic review and meta-analysis of the additional benefit of graduated compression stockings to pharmacologic thromboprophylaxis in the prevention of venous thromboembolism in surgical inpatients-Benedict Turner
- OP073 Systematic review and meta-analysis of exercise therapy for venous leg ulcer healing and recurrence-Benedict Turner
- OP074 Meta-analysis on catheter-directed thrombolysis for acute proximal deep vein thrombosis in the reduction of post-thrombotic syndrome.-Azfar Javed
- OP075 One Year Results of Endovenous Microwave Ablation of Incompetent Truncal and Perforator Veins-Simon D Muschamp
- OP076- Male Pelvic Congestion Syndrome and Leg Varicose Veins due to Pelvic Venous Reflux without Venous Obstruction-Simon D Muschamp
- OP077 A systematic review and meta-analysis of 24-month patency after endovenous intervention for upper extremity and central vein stenosis-Adam Gwozdz
- OP078 Systematic review and meta-analysis of the pooled rate of post-thrombotic syndrome after isolated distal deep venous thrombosis-Benedict Turner
- OP079 Proper complete decongestiv therapy and aggressive liposuction in combination with controlled compression: paradigm shift in management of lymphedema of lower limbs - Yasser Elkiran
- OP080 Ultrasound Control after Mechano-Chemical Ablation of the Great Saphenous Vein - Javier Alfredo Serralde Gallegos
- OP081 A review of pulmonary embolism treatment approaches and selected data results- Fatma Akça
- Compressive treatment modalities Routine compression hosiery with or without additional target vein compression after endovenous surgery with concomitant sclerotherapy: SOVACS, a prospective, intrapersonal, randomized controlled trial. Arom Shin

11.30-11.50 Coffee Break

12.30-13.30 Lunch

SAGALASSOS HALL

14 September 2022, Wednesday

13.30-15.00

Abstract session 9 (English)

Moderators : Levent Yılık, Ömer Tanyeli

- OP096 How innocent is using the glue treatment for venous insufficiency? Complications-Ercan Keleş
- OP097 Surgical timing in symptomatic superficial venous insufficiency of lower extremity: our clinical experience-Hüseyin Sicim
- OP098 Removal of Vena Cava Inferior Tumor Thrombosis. Our experience and a review of the literature-İsmail Selçuk
- OP099 Eight year results of patients with endovenous ablation using n-butyl cyanoacrylate (variclose)- Alptekin Yasim
- OP100 N-butyl-2-cyanoacrylate glue ablation for the treatment of small saphenous vein insufficiency: Good enough for being first choice?-Orhan Eren Gunertem
- OP101 Should anticoagulant drugs be advised in every future pandemic guideline? our Covid-19 comparative analysis-Volkan Burak Taban
- OP102 Early and Mid-Term Outcomes of Patients Treated with Catheter-directed Thrombolysis Combined with Percutaneous Rotational Mechanical Thrombectomy for Deep Vein Thrombosis-Alper Selim Kocaoglu
- OP103 Does leg pain intensity affect clinical characteristics in patients with chronic venous insufficiency-Gamze Aydın
- OP104 Results of patients with stasis ulcer due to chronic venous insufficiency and to whom we applied internal compression therapy-Tarık Taştekin
- OP105 Thermoblock Ablation system for the treatment of superficial venous reflux disease -Metin Onur Beyaz
- OP106 KlippelTrenaunay syndrome – Follow up patients-Sefer Usta
- OP107 Technetium-99m HMPAO May Assist Diagnosis and Monitoring of Chronic Venous Insufficiency-Salih Güler
- OP108 Iliocaval Skip Stent Reconstruction Technique for Chronic Iliocaval Venous Occlusion-Emre Kubat
- OP109 Pharmacomechanical thrombolysis in iliac deep vein thrombosis Dilşad Amanvermez Şenarslan

15.00-15.30 Coffee Break

SAGALASSOS HALL

14 September 2022, Wednesday

- 16.15-17:45 **Abstract session 11**
(English) **Tanzer Çalkavur, Emrah Oğuz, Nevzat Erdil**
- OP123 3-Year Single Center Experience transcatheter coil embolization for the treatment of pelvic congestion syndrome-**Suat Doğanç**
- OP124 5-Year Results of an Observational Study Comparing Endovenous Radiofrequency Ablation, Surgical Stripping, and High Ligation Methods for the Treatment of Insufficiency of Superficial Saphenous Veins-**Farid Gojaye**
- OP125 Factors Affecting Development of Recanalization in Femoropopliteal Deep Vein Thrombosis-**Mehmet Emir Erol**
- OP126 Alternative Vein Graft For Patient Had Bilateral Saphenous Endovascular Laser Ablation-**Ömer Faruk Çiçek**
- OP127 Radiofrequency Ablation of the Great Saphenous Vein; Does the Choice of Monopolar or Bipolar Catheters Affect Outcomes?-**Adem İlkey Diken**
- OP128 Does Micronized Purified Flavonoid Fraction improves venous hemodynamics? An evaluation with objective findings of photoplethysmography-**Hakan Güven**
- OP129 Surgical management of a dislodged left renal vein stent into inferior vena cava in Nutcracker syndrome-**Muhammed Bayram**
- OP130 Comparison of n-butyl cyanoacrylate , radiofrequency ablation and endovenous laser ablation in the treatment of varicose vein: five year follow up results
Erdinc Eroğlu
- OP131 Long-term results of additional thrombolytic therapy in patients with acute deep vein thrombosis treated with pharmacomechanical thromboaspiration: A comparative study-**Can Özen**
- OP132 Analysis of 1397 deep vein thrombosis cases during the Covid 19 pandemic
Emre Yaşar
- OP133 The relationship between inspiratory muscle strength and venous refilling time in patients with chronic venous insufficiency-**Gamze Aydın**
- OP134 Etiological Value Of Secondary Lymphedema-**Metin Onur Beyaz**
- OP135 Analysis Of Varicose Vein Treatment Methods Using Fuzzy VIKOR Method
Ozlem Balcioglu
- OP136 Use of Vacuum-Assisted Closure Therapy in Patients With Infected Serious Leg Ulcer-**İlhan Koray Aydemir**
- OP137 Treatment Results of Patients with Venous Ulcer in Bursa City Hospital
Mecit Gökçimen
- OP148 Immunomodulation and Local Steroid in the Treatment of Non-healing Ulcers of Different Aetiologies-**Aliya Jumatayeva**
- OP149 Microsecond Nd: YAG 1064 nm laser in combination with glucose 40% for the elimination of reticular veins and telangiectasias of the lower extremities
Askhat Sharipov

14 September 2022, Wednesday

- 13.30-15:00 **Abstract session 10 (Italian)**
Moderators: Maurizio Pagano, Pier Luigi Antignani
- OP110 Effectiveness of sclerofoam with Baraldi's procedure combined to evla treating superficial venous insufficiency and varices-**Christian Baraldi**
- OP112 Varicose veins and thyroid pathology, experience in 400 patients-**Paolo Cosini**
- OP113 Modification In Venous Symptoms After New Diosmin Preparation In C0s-C1s Patients: Initial Experience-**Michele Greco**
- OP114 Advantages of 3D ultrasound compared to 2 ultrasound in the diagnosis and follow-up of patients suffering from deep vein thrombosis (DVT)-**Edoardo Cervi**
- OP115 Non vascular systemic effects on cytochines and immunoglobulines during low concentration sclerotherapy (casoni's method) ? **Paolo Casoni**
- OP116 Venous Disease HIFU (High Intensity Focused Ultrasound), how ultrasounds can change phlebology: the Italian experience in 80 cases - **Paolo Casoni**
- OP117 Hemodinamical ad anatomical patterns for great saphenous vein sparing treatment - **Paolo Casoni**
- OP118 Functional vein anatomy of venous epifascial net: new acquisitions on microvalves-**Paolo Casoni**
- OP119 How to treat telangiectasias and varicose veins with laser techniques
Angelo Crippa
- OP120 The treatment of hemorrhoids using sclerosing foam prepared with Medical Device: endoscopic versus anosopic technique what is better?- **Edoardo Cervi**
- OP121 Recurrent Anterior Accessory saphenous vein (AASV) after Endovenous Laser Ablation (EVLA) of the Great Saphenous vein (GSV): a real problem or a bit of a myth? Data from a 9 years cross-sectional study-**Patrizia Pavei**
- 16.15-17:45 **Abstract session 12**
(Russian) **Vadim Yu. Bogachev, Dmitrii Alekseev**
- OP138 Hospital results of endovascular treatment of chronic venous cerebral insufficiency.-**Mikhail Izvekov**
- OP140 The single center investigation of Knee Phleboarthrosis patients' Quality of Life
Ernest Shcheglov
- OP141 Laser Percutaneous Photocoagulation by KTP-Nd:YAG-laser (532 nm) of Facial and Lower Extremities Telangiectasia-**Aleksandr Shimanko**
- OP142 The expediency of long-term anticoagulant therapy in convalescents with severe COVID-19-**Evgeny Elshin**
- OP143 Compression after venous interventions: stockings or bandages?-**Dmitry Lishov**

14 September 2022, Wednesday

- OP144 Hospital results of endovascular treatment for syndrome of compression of the left renal vein in "aorto- mesenteric "forceps.-**Mikhail Izvekov**
- OP145 Radiofrequency obliteration of the mesofascial area of perforating veins under ultrasound control in the treatment of venous trophic ulcers.-**Pavel Turkin**
- OP146 Results of treatment of tumor thrombosis of the vena cava inferior
Artem Zavaruev
- OP147 Robot-Assisted Autovenous Bypass Surgery In Nutcracker Syndrome
R.A. Vinogradov
- OP151 Laser treatment of patients with varicose veins associated with lymphedema
Lavrov R.N
- OP152 Causes of recurrence of varicose veins after endovenous laser obliteration
Farkhad Umarov
- OP153 Endovenous laser coagulation of post-thrombotic varices after varicose vein thrombophlebitis-**Artem Semenov**

ASPENOS HALL

15 September 2022, Thursday

- 07:30-08:15 **Japanese Society of Phlebology Session (Online)**
Takehisa Iwai, Takahiro Imai
- The Current Status of Thrombosis and Anticoagulation Therapy in patients with COVID-19 in Japan: From the CLOT-COVID Study-**Makoto Mo**
 - Supplement of Clinical Practice Guidelines for Endovenous Thermal Ablation for Varicose Veins: Overuse for the Inappropriate Indication-**Makoto Mo**
 - Venous reflux and recurrence of varicose vein after endovenous ablation of GSV for primary varicose vein-**Tomohiro Ogawa**
 - Comparative efficacy and safety of direct oral anticoagulants and warfarin for the treatment of deep vein thrombosis and the prevention of postthrombotic syndrome-**Takashi Yamaki**
- 08:15-09:45 **UIP Plenary Session 13 - Debate by masters**
Moderators: Wisoot Wongklahan, Sergio Giancesini, A. Kürşat Bozkurt
- 1- Comparison of Staged vs Concurrent Truncal Endovenous Ablation
 - Simultaneous treatment brings benefits - **Tobias Hirsch**
 - Staged treatment brings benefits - **Mohamad Alshamari**
 - Discussion
 - 2- Trombophlaxis or not for thermal endovenous ablation:
 - DVT prophylaxis is necessary in patients undergoing thermal endovenous varicose vein treatment - **Alun Davies**
 - No sometimes! **Sarah Onida**
 - 3- Treatment of spider veins
 - ClacCs - **Kasuo Miyake**
 - Sclero only - **Alexandra J. Kaczorowska**
 - Discussion
 - 4 - Compression or not after sclerotherapy
 - Yes, necessary - **Giovanni Mosti**
 - No, useless- **Claudine Hamel Desnos**
 - Discussion
 - 5- MOCA, or glue as nonthermal choice
 - MOCA should be the choice - **Javier Alfredo Serralde Gallegos**
 - Glue is the best - **A. Kürşat Bozkurt**
 - Discussion
 - 1st discussant **Alptekin Yasim**, (6 year results of glue ablation)
 - 2nd discussant **Horst Peter Steffen**, long term experience with cyanoacrylate
 - 6- Laser of radiofrequency as thermal choice

EPHESUS HALL

15 September 2022, Thursday

- I preferred radiofrequency - why? [Athanasios Giannoikas](#)
- Laser is a better choice - why? [Petar Dragic](#)
- Discussion

09.45-10.15 Coffee Break

10.15-11.30 **Servier Live Session: New real-world evidence for better CVD management**

- Chairpersons:** [A. Kürşat Bozkurt \(Turkey\)](#), [Sergio Giancesini \(Italy\)](#)
- Pathway from legs to the heart - [Sergio Giancesini \(Italy\)](#), [Leonardo De Luca \(Italy\)](#)
 - Novel approach: from microcirculation to wall tension - [Fedor Lurie \(USA\)](#)
 - New clinical evidence and effectiveness: Taking care of our patients in real life [Wassila Taha \(Egypt\)](#), [Toni Feodor \(Romania\)](#)
 - Shared decision-making to improve CVD management - [A. Kürşat Bozkurt \(Turkey\)](#)

11.30-11.50 Coffee Break

11.50 -12.30 **Satellite Symposium**

- Technology and protocols of a private phlebology practice - [Kasuo Miyake](#)
- Lipedema with and without compression: the curious case of heart [Győző Szolnoky](#)
- Ultrasonographic study of the effects of compressive stockings on legs with venous edema - [Alberto Caggiati](#)

12.30-13.30 **Chinese Society of Phlebology Session (Online)**

Opening remarks: [A. Kürşat Bozkurt](#), [Zhong Chen](#), [Shenming Wang](#)

Moderator: [Danming Wu](#), [Fuxian Zhang](#), [Yung-Wei Chi](#)

- The Effect of Bivalirudin in the Thrombolysis of Acute Deep Venous Thrombosis-[Jinsong Wang](#)
- Clinical research on one-stage popliteal vein thrombus removal via modified approach of pharmacomechanical thrombectomy in entire-limb acute deep vein thrombosis-[Lan Zhang](#)
- Optimization of endovascular treatment of Iliac Vein Compression Syndrome (IVCS) by IVUS and Comparison with DSA-[Zhenyu Shi](#)
- Fractures could increase the incidence of retrievable inferior vena cava filter trapped embolus and potential pulmonary embolism in subsequent acute DVT patients: a cohort study-[Qingshen Lu](#)

15 September 2022, Thursday

- Selection of treatment methods for iliac vein thrombosis-[Yaoguo Yang](#)
- Clinical studies of Chinese venous stents: Introduction and Interpretation [Xiaohui Ma](#)
- Venous thrombosis debulking: recent strategy and the future-[Yuexin Chen](#)
- Global questions & comments [Bottini O \(LATAM\)](#), [Martimbeau-Raymond P \(N AM\)](#), [Mansilha A \(EUR\)](#)
- Final remarks

13.30-15.00 **UIP Session 15 - Aesthetic Phlebology Session**

Moderators: [Kasuo Miyake](#)

- What is aesthetic phlebology? [Kasuo Miyake](#)
- What is and how to use Score 9-1 (augmented reality and ultrasound in phlebology) [Anelise Rodrigues](#)
- Optimizing ultrasound parameters on aesthetic Phlebology [Rodrigo Bono Fukushima](#)
- Photo-documentation protocol in phlebology - [Kasuo Miyake](#)
- Russian experience for CLaCS – [Evgene Berezhnoy](#)
- Indian experience for CLaCS - [Ashish Dhadas](#)
- Perspectives of aesthetic phlebology in America - [Julianne Stoughton](#)
- How to manage systemic complications during venous procedures? [Fabricio Santiago](#)
- Discussion

15.00-15.30 Coffee Break

15.30-16:15 **Satellite Symposium: Compression therapy today and tomorrow: quo vadis**

Opening: [Igor Suchkov](#)

- Is compression needed after intervention on the surface veins - [Azat Chinaliev](#)
- Is compression needed with deep vein thrombosis - [Shahzod Zokirkhonov](#)
- Is compression needed for Covid-19 patients - [Igor Suchkov](#)
- Future perspective of compression therapy development- [Kirill Lobastov](#)

15 September 2022, Thursday

- 16.15-17:45 **UIP Session 17 - Venous imaging**
Moderator: Irwin Toonder
- What are the limitations of DUS in pelvic veins - [Judy Holdstock](#)
 - Are all patients need suprainguinal venous USG? [İlhan Yurdakul](#)
 - IVUS for the interpretation of venous pathology - [Houman Jalaie](#)
 - Common mistakes during lower limb venous USG examination
[İsmail Mihmanlı](#)
 - Determination of validated duplex ultrasound (DUS) criteria for Pelvic Venous Disorders (PeVD) - [Irwin Toonder](#)
 - Can we perform deep venous procedures without dedicated hybrid room?
[Ali Aycan Kavala](#)
 - 3D SURFACE SCAN, a new technique of limb volumetry Jean Francois Uhl
 - Discussion
 - 1st discussant - [Pier Luigi Antignani](#)

19.00-23.00 **GALA DINNER (Çırağan Palace)**

EPHESUS HALL

15 September 2022, Thursday

- 10.15-11.30 **UIP Session 14 - Venous leg ulcer forum**
Moderators: Dominic Heim, Ufuk Demirkılıç
- What is the first in venous leg ulcer: Ablate or stent? [Efthymios Avgerinos](#)
 - Use of epidermal growth factor to promote venous leg ulcer healing
[Shoaib Padaria](#)
 - Classical high ligation and stripping - [Yusmila Zerelda](#)
 - Adjuvant wound therapies for intractable venous leg ulceration:
Who, when and why? [Ayman Fakhry](#)
 - Management of Venous ulcer - [Ngoh Chin Liew](#)
 - Does CAVA trial has changed the daily praxis? [Cees Wittens](#)
 - A randomised trial of 3 compression systems in the prevention of recurrence of venous ulcers - [Dragan Milic](#)

11.30-11.50 **Coffee Break**

- 11.50 -12.30 **Satellite symposium**
INIMED **World experience with VenaBLOCK nonthermal Ablation system**
- An overview of current cyanoacrylate closure systems - [A. Kürşat Bozkurt](#)
 - Innovative Treatment of Varicose Veins With Minimally Invasive Method, Early Libyan Experience - [Khalid Hussein Masoud Shanab](#)
 - How effective is Cyanoacrylate Closure in Small Saphenous Vein Insufficiency? [İbrahim Erdiñç](#)
 - Cyanoacrylate ablation experience in Hungary with different systems
[Imra Bihari](#)
 - Application of N-2 -Butyl cyanoacrylate Venablock system in the treatment of varicose veins - [Mahammad Karimov](#)
 - An economical evaluation - [Raşit Dinç](#)

12.30-13.30 **Lunch**

TROY HALL

15 September 2022, Thursday

13.30-15.00

UIP Session 16 - Lymphatic disease (Joint Session with Lymphatic Education & Research Network)

Moderators: Dragan Milic, Hasan Tüzün

- The Advent of Lymphedema's Modern Age William Repicci, President, Lymphatic Education & Research Network
- When to use inelastic compression? **Patriane Darwis**
- Compression for lymphedema patients – which one is the best? when and how? **Pinar Borman**
- The role of compression therapy at patients with lymphoedema and erysipelas infection - **Tanja Planinsek Rucigaj**
- Current view of lymphedema - **Luis René Arias Villarroel**
- Treatment of concomitant iliac vein obstruction and secondary lymphedema **Wuttichai Saengprakai**
- Gold standard treatment pathways for lymphoedema and lipoedema **Andrzej Szuba**
- Different surgical techniques for lymphedema - **Sarah Thomis**

15.00-15.30 Coffee Break

16.15-17:45 UIP Session 18 - Best 12 Abstracts

Moderators: Sarah Onida, Dimitar Petkov, Ufuk Demirliliç

- OP196 The Effect Of Compliance With Elastic Compression Stockings On Severity Of Post-thrombotic Syndrome After 2 Years In Patients Who Underwent Pharmacomechanical Catheter-Directed Thrombolysis For Acute Iliofemoral Deep Vein Thrombosis- **Ali Baran Budak**
- OP197 Electronic healthcare records to understand the epidemiology and management of CVD in London- **Safa Salim**
- OP198 Horizons of molecular genetic diagnosis and varicose veins treatment- **Konstantin Gavrilov**
- OP199 Systematic review and meta-analysis of the additional benefit of pharmacological thromboprophylaxis after endovenous varicose vein surgery-**Benedict Turner**
- OP200 Experience of endovascular surgical treatment of pelvic varicose veins in women- **Meruyert Akzhigitova**
- OP201 Duplex ultrasound evaluation of venous foot pump and correlation to venous system of lower limbs-**Sammi Zerrouk**

TROY HALL

15 September 2022, Thursday

- OP202 Novel Combination for Complete Ablation of Incompetent Great Saphenous Vein: Glue plus Foam with the Mid-Term Results- **Sedat Karaca**
- OP203 Evaluation of the results of lymph chain transfer from inside the abdomen (large gastric curvature chain) to the top of the thigh in lymphedema-**Niki Tadayon**
- OP204 A Randomized Trial of Three Different Compression Systems in the Prevention of Recurrence of Venous Ulceration-**Dragan Milic**
- OP205 Development of an international standard set of outcome measures for patients with venous thromboembolism: a report of the International Consortium for Health Outcomes Measurement (ICHOM) venous thromboembolism working group-**Adam Gwozdz**
- OP206 Impact of a synchronous prophylactic treatment of the anterior accessory saphenous vein on the recurrent varicose vein rate in patients undergoing thermal ablation of an insufficient great saphenous vein (SYNCHRONOUS-Study) - first results- **Tobias Hirsch**
- OP207 Superficial vein thrombosis and recurrent thromboembolism in patients treated with intermediate dose of tinzaparin. A pooled analysis of the SeVEN studies **Christos Karathanos**

19.00-23.00 **GALA DINNER (Çiragan Palace)**

TROY HALL

15 September 2022, Thursday

10.15-11.30	UIP in other languages- Italian Moderators: Claudio Allegra, Demetrio Guarnaccia, Camillo Riccioni, Lorenzo Tessari <ul style="list-style-type: none"> • Superficial venous anatomy: know but ignored notes - Paolo Casoni • LASER for saphenous treatment Giuseppe MALCHIODI Radiofrequency for saphenous treatment - Enrico Cappello • ESVT: Excluded Saphenous Vein Technique - Maurizio Pagano • Endovascular treatment of proximal acute deep vein thrombosis Massimo Danese • Graduated compression for saphenous treatment - Simone Serantoni • Saphenous vein periprocedural thromboprophylaxis - Paolo Tondi
11.30-11.50	Coffee Break
12.30-13.30	Lunch
13.30-15.00	UIP in other languages- Russian 3 Chairmen: Bogachev V.Yu., Tursunov B.Z., Borsuk D.A. <ul style="list-style-type: none"> • Surgical treatment of varicose veins in patients older than 80 years Belentsov S. • Histological confirmation of biodegradation of cyanoacrylate glue "Sulfacrylate" in phlebological practice - Alexey Nadvikov • The MRI anatomy and variant cross-sectional area of the veins of the retroperitoneal space - Lukhnevich Karolina • Modern treatment methods of head and neck extracranial venous malformations in children - L.V. Voznitsyn • Comparative characteristics of surgical treatment methods in patients with complicated forms of chronic venous insufficiency - Tokan Sultanaliyev • Computer simulation of the EVLC process for determination of the temperature of vein and perivenous tissues on the energy characteristics of the two-micron laser radiation - S.A.Artemov • Stenting of the inferior vena cava and iliac veins in a patient with Ormond's disease and renal insufficiency - Pankov A.S • Treatment tactics of non-saphenous varicose veins of the lower extremities- Surat Temirov
15.00-15.30	Coffee Break

CAPPADOCCIA HALL

15 September 2022, Thursday

15:30-16:15	Middle East Venous Session Moderators: Deena AlQedra, Martin Maresch, Shagran Bin Khamis <ul style="list-style-type: none"> • Complex Venous Recanalizations - Martin Maresch • Different ablation techniques; results and pitfalls - Francesco Serino • Percutaneous AVF creation: planning, tips and stepwise approach Samir Kousayer • Prevention and the Management of Post Thrombotic Syndrome - Isam Osman • Management of low flow AVM - Mohamed Badran
16.15-17:45	UIP Session 19 - All about pulmonary artery: From acute pulmonary embolus to chronic pulmonary hypertension (Supported by Bayer) Moderators: Tankut Akay, Cihangir Kaymaz <ul style="list-style-type: none"> • Current devices for catheter directed PE treatment - Efthimios Avgerinos • Catheter directed PE treatment single center experience - Cihangir Kaymaz • Does every acute pulmonary embolism evolve to CTEPH? Mustafa Şırlak • CTED or CTEPH? this is the question - Mehmed Yanartaş • CTEPH, diagnosis and prognosis - Özlem Erçel Diken • CTEPH -Medical Treatment - Nesrin Öcal • CTEPH surgery, when and how? Tankut Akay • Discussion • 1st Discussant: Burçak Kılıçkiran Avcı • 2nd Discussant: Gökçen Orhan

19.00-23.00 **GALA DINNER (Çırağan Palace)**

CAPPADOCCIA HALL

15 September 2022, Thursday

- 10.15-11.30 **UIP in other languages- Spanish 3: More on veins**
Moderators: Fabricio Santiago, Álvaro Orrego
- Treatment of superficial venous insufficiency with laser 1470 nm 10-year follow-up - **Daniel Garcia**
 - Venous Trauma - **Carlos Simkin**
 - Discussion: **Miguel Avramovic, Roberto Corbeta**
 - Venous Aneurysm FAV - **Lorena Grillo**
 - Stenting in young people - **Alfredo Prego**
 - Discussion: **Mauricio Volpi, Alexis Esposito**
 - Thermochemical ablation (hybrid) as an option for dilated saphenous veins **Hugo Navas**
 - Neuritis Secondary to radio frequency thermal ablation of the saphenous vein **Juan Bombin**
 - Discussion: **Cuauhtemoc Ramirez Luis Rodriguez Preto**
 - News in Lymphology - **Luis Arias**
 - Lipedema approach in Venezuela - **Josefina Carvallo Lanz**
 - Discussion: **Guillermo Diez, Sofia Rochet**

11.30-11.50 Coffee Break

12.30-13.30 **Lunch**

- 13.30-15.00 **Pan American Society of Phlebology and Lymphology (SOPFYL) Session**
The Latin American Spirit In a Clinical Case
President: Ernesto Intriago (Ecuador)
Vicepresident: Dr. Alvaro Orrego (Chile)
Coordinador: Luis Rodriguez (El Salvador)
Coordinador: Hugo Navas (Venezuela)
- President's welcome - **Ernesto Intriago (Ecuador) Dr Segura?**
 - Introduction and methodology - **Alvaro Orrego (Chile)**
 - Vision of the Latin American patient - Video - **Luis Rodriguez Reyes (El Salvador) Dr Vega?**
 - Clinical case - **Hugo Navas (Venezuela)**
 - Study in Latin America - **Eduardo Aguiar (Brasil), Dr Parrota?**
 - Commentator 1 - **Oscar Bottini (Argentina)**
 - Commentator 2 - **Jorge Segura (Argentina)**
 - Treatment in Latin America - **Luis Fernando Albernaz (Brasil)**

PERGAMON HALL

15 September 2022, Thursday

- Commentator 1 - **Javier Serralde (México)**
- Commentator 2 - **Juan Chunga Prieto (Perú)**
- Levels of evidence - **Rodrigo Rial (España)**
- Commentator 1 - **Javier Perez Monrreal (España)**
- Commentator 2 - **Lourdes Reina (España)**
- Discussion LATAM and its friends around the world
Victor Canata (Paraguay)
Fernado Vega (México)
Juan Bombin (Chile)
Tomás Alberti (Venezuela)
Luis Rodriguez Prato (Venezuela)
Cristina Feijoo Cano (España)
Chantal Agüero (Paraguay)
Paola Ortiz (Uruguay)
Martin Mazzurco (Argentina)
Erika Mendoza (Alemania) (online)
Gerado Victoria (Panamá)
Luis Arias (Bolivia)
Carlos Simkin (Argentina)
Ernesto intriago L (Ecuador)
Luis Parrota (Argentina)

15.00-15.30 Coffee Break

16.15-17:45 **Abstract session 17 (Spanish)**
Moderators: Victor Canata, Luis Rene Arias Villarroel

- OP208 Presence of incompetent perforating veins in patients with venous ulcer
Griselda Pena-Melgoza
- OP209 Laser and sclerotherapy to improving the outcomes in esthetic phlebology
Paraguay pathway- **Victor Canata**
- OP210 Impact of Great Saphenous Vein UGFS for Pain Control in Patients with Chronic
Venous Disease-**Carlos Eduardo Virgini-Magalhães**
- OP211 Clinical and Morphological Results of Ultrasound Guided Foam Sclerotherapy
with Different Concentrations of Polidocanol to Treat Incompetent Great
Saphenous Veins Over 6 mm Diameter – One Year Follow up
Carlos Eduardo Virgini-Magalhães

PERGAMON HALL

15 September 2022, Thursday

- OP212 Ultrasound guided foam sclerotherapy (UGFS) is compresion therapy required?
Victor Canata
- OP213 pH control, pillar for the closure of varicose ulcers-Luis Rene Arias Villarroel
- OP214 Analysis of agreement between venous ultrasound performed by assistant physician and an outsource service. A multicenter study-Luiz Fernando Albernaz
- OP215 The treatment of safeno-phemoral insufficiency with moca system in Mexico.4 years of experince- **Fernando Contreras C.**
- OP216 Reflux of distal GSV from perforator veins of the knee-Franco Arias
- OP217 Endovenous laser versus phlebectomy of foot varicose veins: A study of 172 patients - **Luiz Fernando Albernaz**
- OP218 Hybrid Laser and Foam Sclerotherapy Treatment of Clinical Vein Recurrences Associated with Residual Saphenous Stump and Neovascularization.
Tomas Alberti

19.00-23.00 **GALA DINNER (Çiragan Palace)**

15 September 2022, Thursday

- 10:15-11:30 **Bentley workshop: Beyond venous stent**
Moderator: Houman Jalaie
- 13.30-15.00 **UIP session on anterior saphenous vein**
Moderator: Mark Meissner
- General considerations - **Mark Meissner**
 - Clinical anatomy - **Alberto Caggiati**
 - Clinical presentation -
 - Impact on clinical practice - **Ed Boyle**
 - Clinical case - **Suat Doganci**
 - Treatment - **TBA**
 - Discussion

19.00-23.00 **GALA DINNER (Çiragan Palace)**

15 September 2022, Thursday

- 10.15-11.30 **Abstract session 13 (English)**
- OP154 An investigation of iliofemoral thrombolysis by Alteplase; single injection versus pulse spray method-Pouya Tayebi
- OP155 Comparison of catheter-directed thrombolysis by low versus high dose of Alteplase in patients with acute iliofemoral deep vein thrombosis-Pouya Tayebi
- OP156 Non-traumatic Superficial Venous Aneurysms on the lower extremity : Reports of three cases-Meisam Refaei
- OP157 Stent characteristics for non-thrombotic or post-thrombotic iliac vein lesions: Systematic review and meta-analysis-Amir Mangouri
- OP158 Sclerotherapy as adjunctive therapy in remaining varicose veins after endovenous laser ablation therapy-Morteza Noaparast
- OP171 Adverse effects of cyanoacrylate adhesive closure-Olimi Shirinbek
- OP177 Evaluation of D-dimer after radiofrequency ablation or foam sclerotherapy of lower limp varicose: D-dimer is not good ma rker of venous thromboembolism after this procedure- **Hossein Hemmati**
- OP178 The Success Rate and Complications of Post-radiofrequency Ablation in Patients With Small Saphenous Insufficiency- **Hossein Hemmati**
- OP179 Evaluation of severity and clinical course of varicose vein treatment in patients treated with radio frequency- **Hossein Hemmati**

12:30-13:30 **Lunch**

13.30-15.00 Iranian Society og Phlebology Session

Mohammedreza Zafarghandi, Houman Jalaie, Niki Tadayon, Kurosh Parsi

- Evolution of Phlebology: an overview of endovenous Interventions for treatment of superficial venous disease of lower limbs - **Kurosh Parsi**
- Venous reconstruction in terms of patency and clinical outcome after vascular trauma - **Mohammad Mozaffar**
- "Choosing wisely", items for chemical or thermal ablation in the treatment of the incompetent saphenous vein - **Hadi Modaghegh**
- Optimal treatment for venous TOS Javad Salimi
- Endovascular approach of acute iliofemoral - caval DVT - **Mehdi Davoodi**
- New Classification of CVO and it's clinical implication - **Majid Moini**
- Varicose veins treatment during pregnancy: treatment choices
Hussein Hemmati
- Venous intervention for upper extremity DVT - **Jasser Jenab**

15 September 2022, Thursday

16.15-17:45 **Abstract session 16** (English) Emrah Uğuz, Ünal Aydın

- OP183 Effect of Perioperative Intravenous Magnesium Sulfate on Postoperative Pain After Iliac Venous Stenting-**Alp Eren Celenlioğlu**
- OP184 Midterm And Longterm Efficacy And Results Of Thermocoagulation Method In C1 Lesions-**Ilknur Cihan**
- OP185 Sclerotherapy For Telangiectasia Is Safer With Vein Finder Light Guided Than Conventional Method-**Mehmet Kağan Usca**
- OP186 Venous Thromboembolism: In Reconstruction of the inferior vena cava for retroperitoneal tumors-**Okan Özocak**
- OP187 The Normalization of Neutrophil to Lymphocyte Ratio in Deep Vein Thrombosis with LMWH and DOACs-**Evren Müge Taşdemir Mete**
- OP188 Early-Term Outcomes of Pulmonary Embolism Response Team-**Murat Ugur**
- OP189 Comparison of high saphenous ligation and stripping, radiofrequency ablation, and subfascial endoscopic perforator surgery for the treatment of active venous ulcers: Retrospective cohort with five-year follow-up-**Mehmet Ali Yeşiltaş**
- OP190 The Effects of Pharmacomechanic Thrombolysis Treatment Administered to The Patients With Iliofemoral Deep Vein Thrombus Upon Post-Thrombotic Syndrome and Disease-Related Life Quality-**Şerif Yurt**
- OP191 An entity that occurs after endovenous ablation of the great saphenous vein: anterior accessory saphenous vein expansion-**Alptekin Yasım**
- OP192 Evaluation of young people with upper extremity deep vein thrombosis
Melike Elif Teker Açikel
- OP193 Mistakes And Its Solutions That Caused Complications And Decrease The Procedure Success In Transcutaneous Radiofrequency Treatment-**Ilknur Cihan**
- OP194 Pharmacomechanical Trombectomy in Paget-Schroetter Syndrome Cases
Mehdi Zengin
- OP195 Prophylaxis of Venous Thromboembolism in Patients Who Recovered from COVID-19-**Erhan Renan Uçaroğlu**

15 September 2022, Thursday

10.15-11.30 **Abstract session 14 (Russian)** Moderators: Denis Borsuk, Askhat Sharipov, B.Z. Tursunov

- OP159 Effects of MPFF on proinflammatory and prothrombotic factors expression in varicose veins of patients with chronic venous disease-**Nina Mzhavanadze**
- OP160 Efficacy and safety of increased doses of anticoagulants in COVID-19 patients: a systematic review and meta-analysis-**Kirill Lobastov**
- OP161 Endovasal laser coagulation in treatment of venous malformations
Sergey Sapelkin
- OP162 Total endovenous laser coagulation of varicose veins in feet-**Dmitry Fedorov**
- OP163 Real-time compression elastography to estimate the period elapsed since the formation of a thrombus in the veins of the lower extremities
Liana Kurmanseitova
- OP164 Secondary telangiectasias after endovenous laser ablation-**Denis Borsuk**
- OP165 Antithrombotic therapy for venous stenting in Russia: delphic consensus
Daniel Gitelson
- OP166 Anticoagulant therapy with oral anticoagulants and gender -associated hemorrhagic complications-**Olga Dzhennina**
- OP167 Multifocal varicose: a new treatment strategy-**Osman Makhachev**
- OP168 Venous thromboembolism in hospitalized patients with COVID-19-**Ivan Groshev**
- OP170 Results of laser obliteration of perforating veins in patients with post-thrombotic disease, on an outpatient basis.-**Roman Lavrov**
- OP172 Rivaroxaban versus low molecular weight heparin for the treatment of cancer-associated thrombosis: a systematic review and meta-analysis-**Kirill Lobastov**

12:30-13:30 **Lunch**

13.30-15.00 **Abstract session 15 (English)** Moderators: TBA, Murat Sargin, Şenol Yavuz

- OP173 Automated Varixio® Foam with 3% Polidocanol for the Echoguided treatment of great saphenous vein incompetence. Initial Experience - **Giovanni Alongi**
- OP174 Augmented reality assisted foam sclerotherapy at centro paraguay de varices
Victor Canata
- OP175 100 ulcers: descriptive analysis-**Sebastian Sarutte**
- OP176 Neuritis secondary to Thermal Radiofrequency Ablation of the saphenous vein.
Juan Bombin

15 September 2022, Thursday

- OP177 The role of D-dimer testing in the evaluation of DVT recurrence
Ozan Onur Balkanay
- OP178 Association of Severity of Lower Extremity Venous Disease and Over Active Bladder-**Hakki Kursat Cetin**
- OP179 Investigation of the possible role of endotelium in the effect of sulodexide on healthy human venous tissue: preliminary results-**Suat Doğancı**
- OP180 Is there a relation between chronic venous insufficiency and the increased body mass index-**Baran Şimşek**
- OP181 Ten Year Experience of Endovenous Laser Ablation (EVLA) of Incompetent Perforating Veins (IPVs) with 1470 nm Radial 2 Ring Fiber-**Ufuk Demirkilic**
- OP182 A Comparative Analysis Of Doacs Vs Warfarin for Venous Thromboembolism Treatment in Renal Insufficiency-**Ozlem Balcioglu**
Development of modern venous surgery in Albenia - **Petraç Mustaqe**

15 September 2022, Thursday

- 15:00 **Registration**
- 15:30-18:00 **General Council Meeting (MARMARA)**

16 September 2022, Friday

- 07:30-08:30 **Korean Society of Phlebology Session (Online)**
Moderators: Dong-ik Kim, Wonsuk Chung
- Combined treatment for recurrent varicose veins - **Gi-Wha Kim**
 - Modified Surgical Treatment in superficial venous insufficiency of the great saphenous vein: Single center retrospective study - **Woo-Shik Kim**
 - Laser Assisted ScleroTherapy (LAST) – New Method of MOCA for varicose Vein **Young-Beom Bak**
 - PostCyanoacrylate Allergic Reaction (PoCAR) after cyanoacrylate closure operation for varicose vein - **Jin-Won Jeon**
 - Endovenous laser ablation of varicose veins due to medial thigh perforator reflux - **Won-Suk Chung**
 - Surgical tips for vascular malformation - **Dong-Ik Kim**
 - Prophylactic antibiotics for combined endovenous ablation and phlebectomy, necessary or not?; A propensity score matching case-control study - **Kilsoo Yie**
 - Anatomical Variation of Brachial vein and Basilic vein in Upper Arm **Ki-Yoon Moon**
 - tis vinifera L. and Centella asiatica Effective in Chronic Venous Insufficiency?: A Randomized Clinical Study - **Byeoung-Hoon Chung**
 - Hemodynamic changes in propofol-induced conscious sedation with tumescent anesthesia during EVLA - **Wonsuk Chung**
 - Lower Extremity Systemic Venous problems in Post-Fontan adolescents and young adults - **Jong Yoon Park**
- 08:30-09:45 **UIP Session 20: Pelvic Morning with EVPA I - Current Management of Pelvic Venous Disease**
Moderators: Zaza Lazarashvili, Sriram Narayanan
- Pelvic vein disorders – How to diagnose? **Carsten Arnoldussen**
 - Pelvic vein disorders – How to diagnose and how to classify? **Mark Meissner**
 - Pelvic vein disorders – How to treat? **Sriram Narayanan**
 - Embolization of Pelvic Veins for Treatment of Pelvic Congestion Syndrome with Ethylene Vinyl Alcohol Copolymer and Detachable Coils **Mert Dumantepe**
 - Male pelvic vein reflux and male pelvic congestion – how much of problem? **Mark Whiteley**
 - Pelvic vein disorders – What we need to know-unmet needs? **Sergio Giancesini**
 - Discussion
 - 1st discussant - **Alun Davies**

- 09.45-10.15 Coffee Break

16 September 2022, Friday

10.15-11.30 **UIP Session 22: Pelvic Morning with EVPA II - Challenging Areas in Pelvic Venous Disease-Debates**

Moderators: **Suat Doğançıl, Pier Luigi Antignani**

- Debate 1: Pelvic vein embolization decrease ovarian function
Pro: **Aleksandra Jaworucka Kaczorowska**
Con: **Marald Wikkeling**
- Debate 2: IVUS is mandatory in treatment of Pelvic Venous Disease
Pro: **Sriram Narayanan**
Con: **Louay Altarazi**
- Debate 3: Transvaginal Ultrasound is Mandatory for Pelvic Venous Disease
Diagnosis
Pro: **Judy Holdstockt**
Con: **Irwin Toonder**

11.30-12.00 Coffee Break

12.00-13.00 **CLOSING CEREMONY (EPHESUS HALL)**

EPHESUS HALL

16 September 2022, Friday

08:30-09:45 **UIP Session 21: More on superficial vein treatment**

Moderators: **Ernesto Intriago, Sandeep Pandey, Gökhan İpek**

- Autologous plasma as sclerosing agent - **Askhat Sharipov**
- Open surgery still have a role - **Fernando Vega Rasgado**
- Lessons learned from the endovenous treatment of varicose veins
Athanasios Giannoukas
- Foot Varicose veins - **Luiz Fernando Albernaz**
- Comparative efficacy of 1470 and 1940 lasers - **Vadim Yu. Bogachev**
- Telangiectasias: Classification and management - **Carlos Simkin**
- What is phleboartrosis - **Roy Varghese**
- New Horizons on Medical care of Venous Ulcers - **Monika Głowiczki**
- Discussion
- 1st discussant: **Joana de Carvalho**
- 2nd discussant - Comment of knee phleboartrosis - **Ernest Shcheglov**

09.45-10.15 Coffee Break

10.15-11.30 **UIP Session 23- How to do (7 min. video session)**

Moderator: **Kurosh Parsi, Cüneyt Öztürk**

- Mini and microphlebectomy - **Valbon Gashi**
- Virtual reality sclerotherapy - **Victor Canata**
- A new OrLight LASER for telangiectasia treatment - **Martin Gabay**
- Treatment of C1 lesions - **Dmitri Rosukhovskiy**
- Treatment of Facial Telangiectasias - **Karin Staab**

11.30-12.00 Coffee Break

12.00-13.00 **CLOSING CEREMONY (EPHESUS HALL)**

TROY HALL

16 September 2022, Friday

- 08:30:-09:45 **Turkish Society Session I (Turkish)**
Opening: Adnan Taner Kurdal
Moderators: Adnan Taner Kurdal, Kıvanç Metin, Emir Cantürk
- Treatment in CEAP 1 diseases - **Aslıhan Küçük**
 - Recent innovations in thermal ablation - **Tuğra Gençpınar**
 - Wound treatment in chronic venous insufficiency - **Alper Erkin**
 - Medical management of venous insufficiency: What do the latest guidelines say? - **Serdar Bayrak**
 - Conventional surgical techniques for the treatment of venous insufficiency - **Umut Serhat Sanrı**
 - Renal cell carcinoma with thrombus extension to the IVC: Cerrahpaşa experience - **Çiğdem Tel**
 - Foam sclerotherapy for saphenous insufficiency - **Mehmet Erdem Memetoğlu**
 - Preventing Recurrence: Ablation of incompetent AASV/SSV - **Ali Baran Budak**
 - Panelists: **Cenk Erdal, Saygin Turkyilmaz, Aybanu Gökçen**

09.45-10.15 Coffee Break

- 10.15-11.30 **Turkish Society Session II (Turkish)**
Moderators: Serdar Bayrak, Soner Yavaş, Baran Uğurlu
- Thrombosis and venous system - **Serdar Bayrak**
 - Genetics in the diagnosis of thrombosis - **Korkut Ulucan ("14")**
 - Deep Venous Insufficiency surgery - **Emre Kubat**
 - ICT treatment in Deep Venous Insufficiency - **Ümit Arslan**
 - Hereditary thrombophilia effect in cancer-induced and catheter thrombosis - **Dilşat Amanvermez Şenarşlan**
 - The effect of surgical treatment in venous ulcer - **Yusuf Kuserli**
 - Micro surgery for the treatment of lymphedema - **Deniz Çevirme**
 - Turkish experience with Venaseal - **Erdal Aslim**
 - Panelists: **Burç Deşer, Tünay Kurtoğlu, Murat Uğur**

11.30-12.00 Coffee Break

12.00-13.00 **CLOSING CEREMONY (EPHESUS HALL)**

CAPPADOCCIA HALL

16 September 2022, Friday

- 08:30:-09:45 **Uip In Other Languages- Spanish 4**
All About Nonthermal Ablation
Moderators: Victor Canata, Fernando Vega, Luis Arias Villarroel
- Honorary Chairpersons: **Angelo Scuderi, Juan Chunga, Ismael Pizarro**
 - International Honorary Presidents: **A. Kursat Bozkurt, Lowell Kabnick, Pier Luigi Antignani**
 - Foam Sclerotherapy: Tips - Tricks, And Complications - **Ruben Velletaz**
 - Discussants: **Jorge Rios, Eduardo Halush, Fernando Tres Silveira**
 - Moca Clarivein: Tips Tricks And Complications - **Fernando Contreras, Altino Ono Moraes**
 - Discussants: **Carlos Simkin, Eduardo Toledo De Aguiar, Cuactemoc Ramirez, Dahiane De Albernaz**
 - Moca Flebogriff: Tips-Tricks, And Complications - **Javier Serralde Gallegos**
 - Discussants: **Carlos Duran, Juan Bombin, Jorge Ramon Rios**
 - Foam Sclerotherapy In Venous Ulcer: Tips- Tricks, And Complications - **Jorge Plaquin**
 - Discussants: **Juan Chunga Prieto, Florencia Velletaz, Nara Medeiros**
 - Moca Clarivein In Varicose Ulcers: Tips- Tricks And Complications - **Rodrigo Gomez De Oliveira**
 - Discussants: **Marcelo Venecia, Christian Baraldi**

12.00-13.00 **CLOSING CEREMONY (EPHESUS HALL)**
